

Understanding your cash sweep options under the Sweep Program

The following information is being provided so that you can review your cash sweep option(s) with your Merrill Lynch financial advisor (“financial advisor”) or a Merrill Edge representative. Included is an overview of cash sweep options and how they work, explanations of protection/insurance coverage, how interest rates are calculated, and other important considerations. Additionally, the charts at the end of this notice provide recent rates for sweep options that may be available to you, depending on your account type and other eligibility criteria.

Automatic cash sweep options

The deposit of checks, the sale of securities and other activity generate cash balances in your brokerage account. You have the option to have cash balances in your account automatically deposited in a bank deposit program, or invested in a money market

mutual fund (collectively, “Sweep Program”).

This cash may be automatically “swept” to bank deposit accounts with one or more Merrill Lynch Affiliated Banks: Bank of America, N.A. (“BANA”), Bank of America California, N.A. (“BA-CA”) or Merrill Lynch Bank and Trust Company (Cayman) Limited (“MLBTC”) (“Merrill Lynch Affiliated Banks”). Or, depending on your account type you may be eligible to choose a money market mutual fund from BlackRock (BIF funds) as an automatic cash sweep option.

With an automatic cash sweep feature, also known as a “Primary Money Account,” you do not need to contact your financial advisor or a Merrill Edge representative to deposit or withdraw funds from your Primary Money Account. The sweep happens automatically.

The chart below outlines the available automatic cash sweep options by account type.

Primary money accounts for U.S. residents/U.S. citizens

‡Deposits are placed with MLBTC, a bank incorporated in the Cayman Islands. Deposits held at MLBTC are not deposits within the meaning of the Federal Deposit Insurance Act (12 U.S.C. 1813(l)), are not insured or guaranteed by the U.S. government, the FDIC or any other government agency or covered by any other deposit protection program.

§Dollar Assets Portfolio (the Fund) is offered only to non-US citizens who are not residents of the United States. It is not offered for sale or sold in the United States, its territories or possessions. The Fund may only be offered in jurisdictions in which such offer or sale is permitted. The Fund is a no-load open-ended investment company incorporated as an exempted company under the laws of the Cayman Islands. The Fund is a money market mutual fund seeking current income consistent with the preservation of capital and liquidity by investing in a diversified portfolio of United States dollar denominated short-term money market instruments of high quality issuers. There can be no assurance that the investment objective of the Fund will be realized. BlackRock Investment Management, LLC acts as the investment adviser (the Investment Adviser) for the Fund, with full responsibility for the selection and management of the Fund's portfolio investments. The Investment Adviser is registered with the U.S. Securities and Exchange Commission pursuant to the U.S. Investment Advisers Act of 1940, as amended.

Your Merrill Lynch account statement indicates where your cash balances are currently deposited or invested, as well as recent yield information.

Additional money accounts/manual alternatives

In addition to your Primary Money Account, you may be able to choose additional cash sweep options or “manual alternatives” that provide automatic withdrawal/redemption only. Depending on your account type, manual alternatives may include bank deposit programs, money market mutual funds or the Insured Savings Account (ISA®),¹ a limited transaction deposit program.

If you choose a manual alternative, you must contact your financial advisor or a Merrill Edge representative each time you want to invest or deposit your cash. Otherwise, available cash will continue to automatically sweep to your Primary Money Account.

Manual alternatives provide an automatic withdrawal/redemption feature in order to satisfy purchases and debits from your account, including check writing, Visa® card activity and other cash management activity. Therefore, you do not need to contact your financial advisor or a Merrill Edge representative when you need to withdraw funds. However, cash in a manual alternative will only be withdrawn or redeemed automatically when the Primary Money Account is depleted or in the order in which you have designated for the account.

A “No Sweep” option is available to CMA accounts. This provides the capability to choose NOT to have your free credit and cash balances automatically swept to a bank deposit or money market mutual fund. This means that if you choose this option, your cash will not be deposited into a bank deposit program or invested into a money market mutual fund. Instead, it will remain as cash until it is needed to satisfy any debits and will not earn interest or dividends. Free credit balances and cash held in a brokerage account at Merrill Lynch are “cash” and receive SIPC and excess-SIPC protection. For additional information on the SIPC, visit sipc.org.

If your account is enrolled in a Merrill Lynch investment advisory program and you choose the No Sweep option, you should understand that Merrill Lynch may charge an asset-based advisory fee on the cash in the account even though you are not earning any interest or dividends on that cash.

Please speak with your financial advisor or a Merrill Edge representative to find out more about the manual alternatives that may be available to you.

Understanding your cash sweep options

Considerations when choosing a cash sweep option

When choosing a cash sweep option, it is important to consider the following:

- Your needs, goals, risk tolerance, investment time horizon and liquidity requirements.
- Yields may differ between money market mutual funds and bank deposit programs.
- Money market mutual funds and bank deposit programs have different types of protection/insurance coverage. See sections below for additional details.
- Money market mutual funds have investment risk of various degrees and are not guaranteed or insured as to principal.

FDIC insurance and other bank deposit protection

Your sweep deposits in BANA and BA-CA are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to the applicable standard maximum deposit insurance amount (“SMDIA”). The SMDIA is currently \$250,000 per depositor, per ownership category, per bank. Deposits maintained in different categories of legal ownership — such as individual accounts, joint accounts or certain retirement accounts — are separately insured by the FDIC, up to applicable insurance limits. FDIC insurance covers both principal and credited interest. Any accounts or deposits maintained with BANA or BA-CA in the same legal ownership category, whether directly, through other Merrill Lynch accounts or through any other intermediary, would be aggregated for FDIC insurance limit purposes.

Deposits placed with MLBTC are not deposits within the meaning of the Federal Deposit Insurance Act (12 U.S.C. 1813(I)). MLBTC deposits are not insured or guaranteed by the U.S. government, the FDIC or any other government agency or covered by any other deposit protection program.

Clients are responsible for monitoring the total amount of deposits held at BANA and BA-CA in order to determine the extent of FDIC insurance available to such deposits. Merrill Lynch is not responsible for any insured or uninsured portion of such deposits.

For additional information on FDIC, refer to your account agreement or visit www.fdic.gov.

SIPC and excess-SIPC coverage

The securities and cash that Merrill Lynch holds in your brokerage account are protected by the Securities Investor Protection Corporation (“SIPC”). If a U.S. broker-dealer fails, SIPC funds are available

to make up for any shortfall of client assets that the broker-dealer was required to maintain — up to a maximum of \$500,000 per client for securities, inclusive of up to \$250,000 per client for cash.

In addition, Merrill Lynch has obtained “excess-SIPC” coverage from a Lloyd’s of London syndicate for large client accounts. This policy provides further protection (including up to \$1.9 million for cash) for customers who would not be made whole by SIPC, subject to an aggregate loss limit of \$1 billion for all customer claims.

Please note that money market mutual funds and deposits in BANA and BA-CA are not “cash” for purposes of SIPC account protection. Rather, money market mutual funds receive SIPC and excess-SIPC protection as securities, and deposits in BANA and BA-CA are protected by FDIC insurance. SIPC and excess-SIPC coverage do not protect against investment losses from market action.

For additional information on SIPC, visit www.sipc.org.

Benefits to Merrill Lynch

Deposits held at the Merrill Lynch Affiliated Banks are financially beneficial to Merrill Lynch and its affiliates. For example, the Merrill Lynch Affiliated Banks use bank deposits to fund current and new lending, investment and other business activities. Like other depository institutions, the profitability of the Merrill Lynch Affiliated Banks is determined in large part by the difference between the interest paid and other costs incurred by them on bank deposits, and the interest or other income earned on their loans, investments and other assets. The deposits provide a stable source of funding for the Merrill Lynch Affiliated Banks, and borrowing costs incurred to fund the business activities of the Merrill Lynch Affiliated Banks have been reduced by the use of deposits from Merrill Lynch clients.

Merrill Lynch receives up to \$100 per year from BANA and BA-CA for each account that sweeps to the Merrill Lynch Bank Deposit (“MLBD”) Program and Merrill Lynch Direct Deposit Program, and up to \$85 per year for each account that sweeps to RASP or RASP II. Merrill Lynch receives up to \$100 per year from MLBTC for each account that sweeps to the International Bank Variable Rate Deposit Facility and a fee of up to 2% per annum of the average daily balances from the ISA banks. This compensation is subject to change from time to time and Merrill Lynch may waive all or part of it.

Understanding your cash sweep options

Merrill Lynch financial advisors are compensated based on their clients' total deposits held in the Merrill Lynch Affiliated Banks (excludes RASP and RASP II).

Assets held in the BlackRock money market mutual funds are also financially beneficial to Merrill Lynch and its Affiliates. Merrill Lynch provides the platform infrastructure related to the use of these money market mutual funds as the automatic cash sweep option in accounts at Merrill Lynch as well as distribution, marketing support and other services with respect to the money market mutual funds. In consideration of the provision of the infrastructure, marketing support and/or other services, Merrill Lynch receives compensation of up to 0.44% annually of the value of money market mutual fund shares held in Merrill Lynch accounts.

Merrill Lynch also provides various sub-accounting and other related administrative services with respect to each money market mutual fund position held in an account at Merrill Lynch. As compensation for these services, Merrill Lynch receives either up to \$15 annually for each position or up to 0.10% annually of the value of money market mutual fund shares held in a client's account at Merrill Lynch. Certain of the money market mutual funds have also retained Financial Data Services, Inc. ("FDS"), an affiliate of Merrill Lynch, as the transfer agent to such funds. Each money market mutual fund's operating costs include its allocable share of the fees and expenses of such outside service providers.

Merrill Lynch financial advisors are compensated based on their clients' total assets held in the cash sweep option money market mutual funds.

Rates and yields

Interest rates for the MLBD Program, Merrill Lynch Direct Deposit Program, RASP, RASP II and the International Bank Variable Rate Deposit Facility:

- Are determined by the Merrill Lynch Affiliated Banks in their sole discretion.
- Are variable and may change at any time after the account is opened, without notice or limit. Fees may reduce earnings.
- May be higher or lower than the interest rates and Annual Percentage Yield ("APY") available to other depositors of the Merrill Lynch Affiliated Banks for comparable accounts or the rates of return payable on comparable arrangements offered to Merrill Lynch clients.

For certain account types with the MLBD Program or RASP, interest rates are tiered based upon your relationship with Merrill Lynch, as described in "Linking accounts." Clients with higher total eligible assets may receive a higher yield on their bank deposits.

Clients should compare the terms, interest rates, APY, rates of return, required minimum amounts, charges and other features with other accounts and alternative investments before deciding to maintain balances in deposit accounts through the MLBD Program, RASP, Merrill Lynch Direct Deposit Program, RASP II or the International Bank Variable Rate Deposit Facility.

Yield information on any deposits held at the Merrill Lynch Affiliated Banks is included on your Merrill Lynch account statement. You can also obtain current interest rate information on MyMerrill.com® (see the "Deposit Account & Money Fund Rates" link at the bottom of each page) or by contacting your financial advisor or a Merrill Edge representative.

Linking accounts

You may be able to "link" your accounts together for statement delivery purposes and to establish higher levels of eligible assets and a potentially higher interest-rate tier for the MLBD Program and RASP. For regulatory or other reasons, certain types of accounts that can be linked for statement delivery purposes cannot be linked for the purpose of determining your total eligible assets.

Interest-rate tiering does not apply to deposits in the Merrill Lynch Direct Deposit Program, RASP II or the International Bank Variable Rate Deposit Facility. MLBD Program and RASP deposits from accounts enrolled in certain Investment Advisory Programs receive the Merrill Lynch Bank Deposit Program Tier 4 rate.²

If you have any questions about linking your accounts or linking eligibility, please contact your financial advisor or Merrill Edge representative.

Additional information on cash sweep options

Your Merrill Lynch financial advisor or a Merrill Edge representative is available to discuss your cash sweep options as the yields on respective cash sweep options may change, depending on market conditions, at different times throughout the year.

The charts below and on the following page display cash sweep options that may be available to you, depending on your account type and other eligibility criteria. If you have any questions, please contact your financial advisor or a Merrill Edge representative.

¹ISA is a series of electronically linked money market deposit accounts (“MMDAs”) into which funds are deposited on your behalf by Merrill Lynch. The MMDAs are held at one or more depository institutions, whose deposits are insured by the FDIC, including depository institutions affiliated with Merrill Lynch and its parent, Bank of America Corporation. The ISA program is not appropriate for clients who anticipate effecting frequent third-party payments or transfers, including payments or transfers by check or through the Funds Transfer Service. ISA has a minimum opening deposit of \$1,000. Merrill Edge Self-Direct clients are not eligible to participate in the ISA program.

Bank deposits

Annual Percentage Yield (“APY”) of a bank deposit account is a rate based on daily compounding of interest, and assumes interest is not withdrawn from the deposit account and there is no change to the interest rate for one year. Note that the interest rate (and APY) may change at any time at the depository bank’s discretion, after the deposit account is opened. The depository bank uses the daily balance method to calculate interest on your deposit account, which applies a daily periodic rate to the principal in your deposit account each day. Fees may reduce earnings.

Money market mutual funds

Investing involves risk. For more complete information on any mutual fund, please request a prospectus, offering document and/or, if available, a summary prospectus or key investor information document from your Merrill Lynch financial advisor or a Merrill Edge representative and read it carefully. Before investing, carefully consider the investment objectives, risks, and charges and expenses of the fund. This and other information can be found in the fund's prospectus and/or, if available, summary prospectus.

An investment in a money market mutual fund is not a bank deposit and is not insured or guaranteed by Bank of America, N.A., or its affiliates, Merrill Lynch, the FDIC or any other government agency. Although a money market mutual fund seeks to preserve the value of your investment at \$1 per share, it is possible to lose money by investing in a money market mutual fund.

Money market mutual funds typically invest in government securities, certificates of deposit, commercial paper of companies, or other highly liquid and lower risk securities. While investor losses in money market mutual funds have been rare, they are possible.

Seven-day yields are obtained from a money market mutual fund service provider. The seven-day current yield is based on the average net income per share for the seven days ended on the date specified on the Recent Yield tables, and the offering price on that date. The current yield reflects any voluntary waivers or reimbursement of fund expenses by the advisor or its affiliates. Absent of these waivers or reimbursement arrangements, performance would have been lower. **Please contact your Merrill Lynch financial advisor or a Merrill Edge representative for current yield information.** The seven-day yield shown more closely reflects the current earnings of the fund than the total return performance information. The information is provided for informational purposes only and does not constitute an offer of shares in any fund.
