- Grants, including any earnings, may not be transferred to another beneficiary and are forfeited if the NextGen account is closed, including a rollover to another state's Section 529 plan.
- Withdrawals of matching grant funds can only be paid to an Eligible Institution of Higher Education.
- Grant funds may only be used for withdrawals for "Qualified Higher Education Expenses" as defined in Section 529(e) of the Internal Revenue Code. Grant funds cannot be rolled over to any other account, including but not limited to a Roth IRA. See Section 6 and the Program Description for further information regarding qualified higher education expenses.
- The NextGen 529 Grant funds have been designed so that the grant, including the earnings, if any, used for certain qualified higher education expenses at an eligible institution of higher education, will be treated as a scholarship as defined by the Internal Revenue Code. The award can be used for tuition and fees required for enrollment or attendance, fees, books, supplies and equipment required for courses of instruction at the eligible institution, and expenses for the purchase of computer or peripheral equipment, computer software, or Internet access and related services, if such equipment, software, or services are to be used primarily by the Designated Beneficiary during any of the years the Designated Beneficiary is enrolled at an eligible institution of higher education. However, any portion of the award used as payment for room and board or equipment and other expenses not required for enrollment, including a computer and related services, may be subject to federal and/or state income tax and should be reported by the Participant or Designated Beneficiary (as required) to the Internal Revenue Service when filing his or her tax return.
- Grant funds, including earnings on matching funds, should be fully used before other assets in the NextGen 529 Account are used for qualified higher education expenses at an eligible institution of higher education.
- Grant funds are subject to additional terms and conditions. No Participant or Designated Beneficiary is guaranteed a benefit under these program, the terms and availability of which are subject to change at any time. Please refer to the Terms and Conditions of Maine Grant Programs at www.nextgenforme.com for more information.

By signing Section 5 of this Withdrawal Form, I hereby certify that my request complies with the Terms and Conditions of Maine Grant Programs and that the above specified withdrawal amount of the matching grant will be used for qualified higher education expenses at an eligible institution of higher education. Additionally, I am aware that I must retain supporting documentation in the event my withdrawal is audited by the State of Maine, the Internal Revenue Service or the Finance Authority of Maine.

6. Guidelines for Completing a Withdrawal Request

The federal and state tax consequences associated with NextGen 529 are complex, and Participants should consult a qualified tax advisor regarding the tax rules associated with their particular circumstances before taking a withdrawal.

- Withdrawal requests may take up to five business days to process.
- Merrill does not require documentation other than the Withdrawal Request Form to process a withdrawal request. However, clients should retain all receipts for qualified higher education expenses with their other important tax documents.
- Only one distributee is allowed per Withdrawal Request Form. If you are requesting a withdrawal for qualified higher education expenses to be paid to multiple distributees, you must complete separate Withdrawal Request Forms.
- An Eligible Institution of Higher Education must meet two requirements:
 - (1) It must meet the accreditation criteria, as described in Section 481 of the Higher Education Act of 1965 (as in effect on Aug. 5, 1997) and;
 - (2) It must be eligible to participate in Title IV U.S. federal financial aid programs. (If the Department of Education has assigned the institution a Federal School Code, then generally it has met these requirements.)

Qualified withdrawals: Withdrawals for qualified higher education expenses or eligible rollovers.

Qualified higher education expenses include: The costs of tuition, fees, books, supplies and equipment required for enrollment or attendance, certain room and board expenses of a Designated Beneficiary at an Eligible Institution of Higher Education, expenses for the purchase of computer or peripheral equipment, computer software, or Internet access and related services, if such equipment, software, or services are to be used primarily by the Designated Beneficiary during any of the years the Designated Beneficiary is enrolled at an Eligible Institution of Higher Education, and expenses for special needs services in the case of a special needs beneficiary that are incurred in connection with enrollment or attendance at an Eligible Institution of Higher Education.

- Room and board expenses – Room and board expenses are eligible expenses only if the Designated Beneficiary is enrolled in a degree or certificate-granting program at least half-time at an Eligible Institution of Higher Education. For students living at home with parents, as well as students not living in institutionally owned or operated housing, the Eligible Institution of Higher Education “cost of attendance” allowance for federal financial aid purposes will be the room and board amount treated as a qualified higher education expense. For students living on campus or off campus in institutionally owned or operated housing, the amount of room and board treated as a qualified higher education expense can be the actual amount charged to the student.
- Tax treatment – Qualified withdrawals, including any earnings, will not be subject to federal taxes. (For state tax treatment, please check with your local state government.) Participants should retain adequate records relating to withdrawals for tax reporting purposes. If the distribution is made directly to an Eligible Institution of Higher Education, the Designated Beneficiary is treated as the distributee for tax purposes.

Tuition for elementary or secondary public, private, or religious school: “Qualified higher education expenses” include expenses for tuition in connection with enrollment or attendance at an elementary or secondary public, private, or religious school, up to \$10,000 per calendar year per Designated Beneficiary (across all 529 accounts for such beneficiary).

- Distributions to pay for tuition at an elementary or secondary public, private, or religious school must be paid directly to the Participant.

Payment of qualified education loans for a Designated Beneficiary or the sibling of a Designated Beneficiary: “Qualified higher education expenses” include distributions for the payment of qualified education loans up to a lifetime maximum of \$10,000 for a Designated Beneficiary or a sibling of the Designated Beneficiary. The lifetime maximum is applied separately for each sibling’s loans versus the Designated Beneficiary’s loans. A sibling is considered to be a brother, sister, stepbrother or stepsister.

- Distributions for the payment of qualified education loans for Designated Beneficiary must be paid to the Participant or the Designated Beneficiary.
- Distributions for the payment of qualified education loans for a sibling of a Designated Beneficiary must be paid directly to the Participant.

Payment for certain expenses related to a registered and certified apprenticeship: “Qualified higher education expenses” include distributions to cover expenses for fees, books, supplies, and equipment required for participation of the Designated Beneficiary in an apprenticeship program registered and certified with the U.S. Secretary of Labor under the National Apprenticeship Act.

- Distributions for expenses related to a registered and certified apprenticeship must be paid directly to the Participant or Designated Beneficiary.

Rollover distribution to a Roth IRA: Effective for distributions made on or after January 1, 2024, 529 assets can be rolled over to a Roth IRA without federal taxes or penalties applied if the withdrawal meets all of the following criteria:

- The 529 account has been open for at least 15 years.
- The Roth IRA is in the same name as the 529 account beneficiary.
- The rollover does not exceed (i) Roth IRA annual contribution limits, minus all other IRA contributions made during the year for the same beneficiary, or (ii) the amount of annual compensation (as defined in the Internal Revenue Code) of the Roth IRA owner. However, Roth IRA income limits do not apply to a rollover from a 529 plan account to a Roth IRA.
- The rollover is limited to: the aggregate amount of contributions made to the 529 account (and any earnings) before the 5-year period ending on the date of the rollover and a lifetime 529 to Roth IRA rollover limit of \$35,000 per 529 account beneficiary.
- The U.S. Treasury Department and IRS may issue future guidance interpreting these conditions. Any guidance could affect the tax treatment of 529 to Roth IRA rollovers. Consult with your tax advisor for more information.

Non-qualified withdrawals: Withdrawals other than qualified withdrawals or withdrawals due to the death or disability of the Designated Beneficiary or receipt of a qualified scholarship or attendance at a U.S. military academy by the Designated Beneficiary.

- Tax treatment – The earnings portion of a nonqualified withdrawal is subject to applicable federal and state income tax and a 10% additional tax imposed by federal tax law. Participants should retain adequate records relating to withdrawals for tax reporting purposes.

Non-qualified withdrawals with exceptions: Exceptions to the 10% additional tax imposed for non-qualified withdrawals include the death or disability of the Designated Beneficiary; the receipt of a scholarship by the Designated Beneficiary, to the extent the amount withdrawn does not exceed the amount of such scholarship; the attendance by the Designated Beneficiary at a U.S. military academy; or the use of the American Opportunity tax credit (which modifies the prior Hope Scholarship tax credit) or Lifetime Learning tax credit as allowed under federal income tax law.
