This Brochure provides information about the qualifications and business practices of Merrill Lynch, Pierce, Fenner & Smith Incorporated (“MLPF&S”) and Managed Account Advisors LLC (“MAA”) relating to the Merrill Edge Advisory Account Program (the “Program”). If you have any questions about the contents of this Brochure, please contact us at 800.MERRILL (637.7455).

Please note that the information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission (“SEC”) or by any state securities authority. Investment adviser registration does not imply a certain level of skill or training. Additional information about MAA and MLPF&S also is available on the SEC’s website at adviserinfo.sec.gov/IAPD.

The investment advisory services described in this Brochure are not insured by the Federal Deposit Insurance Corporation (FDIC) or any other government agency; are not a deposit or other obligation of or guaranteed by MLPF&S, MAA or Bank of America Corporation (BoFA Corp.) or any of its affiliates and are subject to investment risks, including possible loss of principal.

March 22, 2021

Merrill Lynch, Pierce, Fenner & Smith Incorporated (also referred to as “MLPF&S” or “Merrill”) makes available certain investment products sponsored, managed, distributed or provided by companies that are affiliates of Bank of America Corporation (BoFA Corp). MLPF&S is a registered broker-dealer, Member SIPC and a wholly owned subsidiary of BoFA Corp.

Item 2. Material Changes

On March 23, 2020, MLPF&S and MAA each filed its last annual update for its Merrill Edge Advisory Account program brochure (“Brochure”). The summary of material changes is designed to make clients aware of information that has changed since the Brochure’s last annual update and that may be important to them. The material changes summarized below were also incorporated within this Brochure.

MATERIAL CHANGES MADE AS PART OF THIS UPDATE
There were no material changes made in this update.

ENHANCED DISCLOSURES MADE AS PART OF THIS ANNUAL UPDATE
We have made certain enhanced disclosures about the Program, its Services and other information in the Brochure as part of this annual update, including the following:

• Sub-Accounting Services. We have enhanced the disclosures relating to the conflicts of interest that are associated with our Affiliate providing sub-accounting services to funds available at Merrill. See Item 9 at “Compensation, Conflicts of Interest and Material Relationships”.

• Training Events and Meetings. We have updated the disclosures relating to Third-Party Firm participation in Merrill-sponsored internal training and education conferences and other meetings. See Item 9 at “Compensation, Conflicts of Interest and Material Relationships”.

• Receipt of Gifts and Entertainment. We have updated the disclosures relating to gifts and entertainment to provide that current Merrill and MAA policies restrict Third-Party Firms from providing, and Merrill representatives from receiving, gifts, meals and entertainment. See Item 9 at “Compensation, Conflicts of Interest and Material Relationships”.

• Provision of Diversified Financial Services. We have enhanced the disclosures to include information relating to our Affiliates’ acquiring equity ownership positions, from time to time, in market centers. See Item 9 at “Compensation, Conflicts of Interest and Material Relationships”.

• Family Wealth Management Vehicles and Volcker Rule. We have updated the Brochure disclosures to provide that for clients qualifying as “family wealth management vehicles,” we may provide both Program Services and, lending services and engage in principal transaction execution, where permitted. See Item 9 at “Participation or Interest in Client Transactions and Conflicts of Interest”.

MATERIAL CHANGES AND ENHANCED DISCLOSURES MADE PRIOR TO THIS ANNUAL UPDATE
As required by applicable regulations under the Investment Advisers Act of 1940 as amended, set forth below are material changes and enhancements made since the last annual update as part of previous updates.

The following disclosure of an event was added on June 15, 2020 to Item 9 at the section “Disciplinary Information”: “On April 17, 2020, the SEC issued an administrative order in which it found that MLPF&S had willfully violated Section 206(2) of the Advisers Act. Specifically, the order found that from January 1, 2014 to May 31, 2018, MLPF&S failed to disclose the conflicts of interest related to (1) its receipt of 12b-1 fees and/or (2) its selection of mutual fund share classes that pay such fees. In determining to accept the offer of settlement, the SEC considered that MLPF&S self-reported to the SEC pursuant to the SEC’s Share Class Selection Disclosure Initiative and had completed a number of the undertakings in the order prior to issuing the order. In the order, MLPF&S accepted a censure, the imposition of a cease and desist order and a disgorgement of $297,394 and prejudgment interest of $27,982 with the payment of such amounts to be paid to affected investors. See Item 9. “Additional Information” at the section “Disciplinary Information.”

The Brochure was updated on June 15, 2020 to enhance and streamline the presentation of information in the Brochure in Item 9 relating to conflicts of interest between us and you.

      GLOSSARY 24

All capitalized terms used in the Brochure are defined in the body of this Brochure or in the Glossary.
Item 4. Services, Fees and Compensation

This Brochure describes the Merrill Edge Advisory Account Program (the "Program"). Both Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S") and its affiliate, Managed Account Advisors LLC ("MAA"), offer investment advisory services under the Program as discussed in this Form ADV brochure ("Brochure"). As wealth management firms providing services to clients in the United States, both MLPF&S and MAA are registered with the U.S. Securities and Exchange Commission ("SEC") as investment advisers and MLPF&S is registered as a broker dealer. Our parent company, Bank of America Corporation ("BofA Corp.") through Bank of America, N.A. ("BANA"), BofA Securities, Inc. ("BofAS") and other Affiliates, provides integrated investment services and is a leading banking institution for consumers, corporations and institutions.

When we use the terms "Merrill", "we", "our" or "us" in this Brochure, we are generally referring to MLPF&S. In certain aspects of the Program, MLPF&S and MAA perform certain of the Program services jointly and therefore certain of the statements and disclosures referencing "Merrill", "we", "our" or "us" also apply to both MLPF&S and MAA. We also indicate where certain services are provided by MAA in its separate capacity. The terms "you" or "your" means each person who has agreed to the terms of the Client Agreement as defined below and who is an account owner or account holder.

This Brochure describes the advisory services that we provide, the fees you will pay, our role and that of our personnel, our other business activities and financial industry affiliations and the economic and other benefits and arrangements we have that create conflicts of interest in certain situations.

Our Services as an Investment Adviser and Relationship with You under the Program

The Program is designed to help you pursue your investment goals by providing you with investment advice and guidance and access to a select set of investment solutions ("Services"). As our client, you will work with a Merrill financial representative ("Financial Solutions Advisor") available to you through our call center and wealth management centers ("Merrill Advisory Centers") to establish your goal and objective for your enrolled Account, to select an aligned investment strategy available in the Program and to receive the other services outlined in this Brochure.

Generally, the Program is designed for clients who are comfortable with the investment choice of a limited set of investment strategies complimentary to their investment profile. The Program is generally not for clients who have more complex needs, desire access to a larger offering of investment solutions and strategies or have a preference for frequent in person interactions with a dedicated advisor.

The different relationships and legal standards and capacities with which we provide investment services to clients are described in our Client Relationship Summary on Form CRS ("Form CRS") and in the "Summary of Programs and Services" document, both available at merrill-edge.com/relationships or from a Financial Solutions Advisor upon request.

Both Merrill and MAA provide Services under the Program in our capacity as a registered investment adviser under the Investment Advisers Act of 1940, as amended (the "Advisers Act"). To obtain the Services available through the Program, you must first enter into a written agreement with us (the "Client Agreement"). The Client Agreement will cover each separate Account you choose to enroll in the Program. The scope of our investment advisory relationship is defined in the Client Agreement.

In the Client Agreement we agree to act as your investment adviser and agent and to provide the Services described in this Brochure and you grant to us the investment discretion and trading authority necessary to deliver the Services you select and agree to the terms and conditions of the Program. After you are enrolled in the Program, you will generally be able to enroll new Accounts in the Program and select or change most Services with verbal instructions to a Financial Solutions Advisor; however, in certain circumstances we may ask you to sign a separate Client Agreement or complete additional documentation.

Termination of your Agreement will end that investment advisory fiduciary relationship and will cause your account to be converted to, and designated as, a brokerage account. Brokerage services and activities in the brokerage account could be limited.

Under the Program, we are a fiduciary to you. Merrill and MAA each have certain fiduciary obligations to you in providing you the Services under the Program. As a fiduciary, we will act in your best interest and will endeavor to ensure that you are informed about and have access to material facts and information relating to the Program Services. This Brochure is a key element in meeting this disclosure obligation.

The fiduciary standards we aim to follow are established under the Advisers Act and state laws, where applicable. In addition, for Retirement Accounts, we provide these Program services as a "fiduciary" under Section 3(21) of the Employee Retirement Income Security Act of 1974 ("ERISA") and under the Internal Revenue Code of 1986 (the "Code"). For Retirement Accounts subject to ERISA, we provide the relevant Services as an "investment manager" under Section 3(38) of ERISA.

We offer other investment advisory programs, including Merrill Guided Investing ("MGI"), Merrill Guided Investing with Advisor ("MGI with Advisor") and Merrill Lynch Investment Advisory Program ("MLIAP"). You can review a general description of these programs in the Form CRS and in the “Summary of Programs and Services” at merrill-edge.com/relationships. Please note that these programs provide access to certain investment strategies that are the same as or similar to those offered in the Program but have different services and/or fees. Please refer to Item 4 at "Ability to Obtain Certain Services Separately and for Different Fees."

ADVICE AND GUIDANCE

Profile and Creating a Target Asset Allocation

A Financial Solutions Advisor will work with you to establish a goal and select a recommended target asset allocation described below. To do so, a Financial Solutions Advisor will gather from you, or confirm with you, important financial and personal information that will be used as a basis for our advice and guidance about your Account.

Based on information you provide, your Financial Solutions Advisor will recommend an allocation of your assets across one or more asset classes (the "Target Asset Allocation") for each of your Accounts, taking into account: (1) your risk tolerance for the Account (i.e., your ability and willingness to incur financial loss for some or all the assets in your Account in exchange for greater potential returns) and (2) the time horizon (determined by how long you expect to invest in order to achieve your investment goal). For an Account with a retirement focus, the time horizon is based on a combination of your stated retirement age and how long you intend to use the assets in your Account after retirement.

Any changes to your risk tolerance or time horizon for your Account may lead to a different recommended Target Asset Allocation and potential changes to the strategy for an Account. Your Financial Solutions Advisor will use your risk tolerance and time horizon, along with other information about you, including your investment objectives, goals, and preferences, to determine the strategies to recommend to you for your Account.
It is your responsibility to ensure that the information you provide to a Financial Solutions Advisor is complete and accurate and to notify a Financial Solutions Advisor if any information we have about you is inaccurate or becomes inaccurate. By providing accurate and complete information, a Financial Solutions Advisor will be better able to make suitable recommendations for you and your assets. This information helps determine whether this Program is, and continues to be, appropriate in light of your preferences and objectives. Your continued enrollment in the Program indicates your willingness and preferences to receive ongoing investment advice and guidance with respect to your Account, continued access to investment solutions, ongoing investment monitoring and other fiduciary services under the Program.

Target Asset Allocation Categories and Monitoring

In general, the Target Asset Allocation categories, which have associated asset class allocation ranges are: (1) Conservative, (2) Moderately Conservative, (3) Moderate, (4) Moderately Aggressive and (5) Aggressive. A description of each of these categories is in the Glossary under the term “Target Asset Allocation.” There may be additional Target Asset Allocation categories added by us from time to time. The associated allocation ranges and our method of monitoring activity may change from time to time and without prior notice to you. Our more conservative Target Asset Allocations typically recommend a greater percentage of your assets be allocated to the fixed income and cash asset classes, rather than to the equity asset class. Our more aggressive Target Asset Allocations typically recommend a greater percentage of your assets be allocated to the equity and alternative investment asset classes, rather than to the fixed income and cash asset classes.

You may choose a Target Asset Allocation that is more conservative than our recommendation by speaking with a Financial Solutions Advisor. If you would like a more aggressive Target Asset Allocation, you must discuss with a Financial Solutions Advisor whether certain information that we have about your Account accurately reflects how you want your assets managed, and a Financial Solutions Advisor may recommend that you adjust your Account risk tolerance and/or time horizon to reflect your preference for a more aggressive Target Asset Allocation.

We will use your Target Asset Allocation, along with certain other information provided by you, to assist in recommending an investment strategy for your Account. The Account will be managed according to the investment strategy that you select. We make available in the Program a select set of investment strategies (the “Strategies”) that are managed by Merrill through its Chief Investment Office (the “CIO”). The Strategies consist of diversified portfolios of exchange-traded funds (“ETFs”), mutual funds and a cash allocation that are designed to meet a particular Target Asset Allocation. The Strategy recommendations provided for each Account are intended to align with the specified Target Asset Allocation for the Account.

The Strategy chosen for your Account and the assets comprising the Strategy in the aggregate should be aligned to the designated Target Asset Allocation for the Account. At times your Account’s actual asset allocation may become misaligned with the Strategy allocation due to market movements or, additions and withdrawals of assets from your Account, among other reasons.

On a periodic basis, we will monitor the assets in each Account for alignment with the applicable Target Asset Allocation within certain parameters. Because your Account’s Target Asset Allocation is based on your Account risk tolerance and your Account time horizon, changes to these factors may result in a different recommended Target Asset Allocation and/or Strategy. In addition, keep in mind that the time horizon for your Account will change (become smaller) as time passes, and the Target Asset Allocation will change over time (except if your Account already has a recommended Target Asset Allocation of Conservative).

If there is a prolonged misalignment, we will ask you to take action in order to remain in the Program, including updating your risk tolerance or time horizon, so that the Account meets the Program guidelines. If you decide not to take the requested action, we reserve the right to terminate your Account from the Program, which converts the Account to a brokerage account type.

We have established certain guidelines relating to the management of assets in the Program. The Program guidelines may change at our discretion or may be waived under certain circumstances for certain clients. You will be notified if your investment activity or holdings deviate from these internal guidelines and action may be required to comply with these guidelines.

Our supervision and monitoring does not substitute for your own continued review of your assets and the performance of your investments. You are responsible for reviewing the Program letters and reports, performance reports, trade confirmations, monthly account statements, and other information we send to you. If you identify any discrepancies, you should promptly report them to a Financial Solutions Advisor.

In most instances it is solely your responsibility to determine whether you follow our recommendations. If you choose to invest your assets in a manner that differs materially from our recommendations, you may assume additional risks that result from your decisions. We may also, at our discretion, terminate an Account if it does not align with the applicable Program guidelines.

Multi-Account Portfolios

In our discretion, you will have the flexibility to direct us to manage multiple Accounts, each with a different Strategy, in a single portfolio (“Portfolio”). Your Portfolio assets in the aggregate should be aligned to the applicable Target Asset Allocation for the Portfolio. The Portfolio Target Asset Allocation applies to the assets held in the Portfolio. Because the Target Asset Allocation is determined at the Portfolio level, you should understand that each Account and the Funds held in each particular Account, must be evaluated in the context of the overall Portfolio. The Accounts, Funds and other investment solutions that comprise a Portfolio will not necessarily be consistent with your Portfolio’s designated risk tolerance and/or time horizon if they are evaluated on an Account-level basis. Monitoring activity may change from time to time and without prior notice to you.

INVESTMENT STRATEGY SERVICES

Selecting a Strategy

After we help you establish a Target Asset Allocation for your Account, a Financial Solutions Advisor will recommend to you one or more Strategies available in the Program. There may be more than one Strategy that is suitable for your investment needs. Our recommendation will be based on the information you provide and what we believe will meet your investment needs and investment preferences for the management of your assets. The recommendation is limited by the stated and agreed-upon Target Asset Allocation for the Account, the Account Strategy, other applicable factors such as the type of Account you establish and any Account restrictions.

The Strategies used in the Program are designed to obtain exposure to the various asset classes of the Target Asset Allocations. A Strategy is constructed and/or implemented by Merrill in a single Account. The Strategies available in the Program are model portfolios of securities managed by the CIO to achieve one or more investment styles or disciplines. The Strategies are also rebalanced as needed based on CIO recommendations. See “Item 6 Portfolio Manager Selection and Evaluation.”
The Strategies consist of ETFs and mutual funds as well as a cash asset class allocation. In addition to determining asset class-level allocations and rebalancing frequencies, the CIO determines the ETFs and mutual funds for the equity and fixed income asset class exposures. For exposure to the cash asset class, the CIO determines whether to hold cash as a cash balance (which is then swept in accordance with the Account’s cash sweep program) and/or to invest in money market funds. In certain circumstances, including periods of volatile or uncertain market conditions, the CIO may determine that the allocation to the cash asset class comprise all or a substantial portion of a particular Strategy’s model portfolio for defensive purposes. Some portion of your Account assets will be held as cash for operational considerations. For more information, see the section “Funding and Operation of Accounts—Cash Balances and the Cash Sweep Feature.” As described in more detail below in the section “Program Fee,” your cash in all Program Accounts will be subject to the Program Fee.

We have prepared information about each Strategy in a document known as a “Profile.” The Profile describes the relevant objectives, styles and risks of the particular Strategy. The Strategy in which your Account is invested will be reflected in the Portfolio Summary that we will deliver to you upon enrollment. We may reference the Strategy or use the term “Managed Strategy” as a caption name or reference in the Portfolio Summary.

The Strategies we currently offer are with Client Discretion. This means that any change from one Strategy to another Strategy will require your consent, because you retain Authority to select and implement any changes between Strategies. However, as we describe in detail below in the section “Role of MAA and Investment and Trading Authority for Strategies,” we will have full investment discretion and trading authority to implement the Strategy selected.

In certain circumstances, the same or similar investment solution offered in the Program may be offered through other investment advisory programs or services sponsored by Merrill or our Affiliate channels, at a higher or lower than, or same cost as, the investment solution offered in a Strategy in this Program. The services that you receive by investing in such a solution through a different program, may or may not be similar to the services you receive through the Program. You should discuss with a Financial Solutions Advisor who will arrange for it to be sent to you free of charge.

Replacing a Strategy or Fund in a Strategy

Merrill determines which Strategies are included in the Program and when they will no longer be offered. As a general matter, we make these decisions based on a variety of factors, including client needs, available investment styles, platform capacity, client demand and the outcome of due diligence and evaluations reviews including with the assistance of the CIO. Merrill also has the authority to select the Funds in the Strategies and to change the included Funds without notice to you.

Occasionally, we may decide to discontinue offering certain Strategies, to replace certain Strategies, to close a Strategy to new investments and/or additional contributions from existing participants in the Strategy. Our actions may include: (1) replacing the Strategy with another Strategy; (2) investing new contributions from, or the sale or redemption proceeds held by, existing investors in the Strategy in a replacement Strategy selected by us; and (3) leaving any such contributions or sales or redemption proceeds in cash in the Account until a replacement is chosen by us or we are directed to invest in an alternative Strategy by you. MAA is responsible for implementing our decisions and related actions.

We generally will provide you with prior written notice of any discontinuation, closing or replacement event before selecting a replacement or provide you with information regarding the updated Strategy. Depending on the circumstances and our view of the nature of the event, we may provide you with notice after we have already taken action. This flexibility to act quickly helps enable us to take action where we believe the replacement and its timing are in clients’ best interest. If we determine to replace a Strategy with another Strategy, we will endeavor to replace it with one that has an investment objective consistent with that of the Strategy being replaced. This replacement Strategy may be subject to higher Fund expenses than you had been paying. After such replacement is made, if you do not instruct us to select a different replacement or no replacement at all, your continued participation in the Program after the termination of the Strategy will be your consent to the replacement. If your Account is not eligible for the replacement, we may terminate your Account.

Fund Prospectus Delivery

In light of the discretionary authority you have granted to us in connection with managing your Account, upon an eligible registered Fund being purchased for your Account, we are authorized to receive the registered Fund prospectus in lieu of it being automatically delivered to you. If you would like a copy of the registered Fund prospectus, you may obtain one by contacting a Financial Solutions Advisor who will arrange for it to be sent to you free of charge.

Role of MAA and Investment and Trading Authority for Strategies

The investment decisions for the Strategies in the Program will generally be implemented by MAA in accordance with the investment recommendations and instructions provided to it by the CIO as manager of the Strategies through model portfolios or other investment guidelines or instructions. All Strategies will be implemented by MAA with full investment and trading discretion. MAA will generally implement the CIO’s model portfolio recommendations for a Strategy without change, subject to your Reasonable Investment Restrictions, discussed below, cash commitments and certain operational and investment considerations. MAA may determine, in its sole discretion, in light of operational or investment considerations, to deviate from the model portfolio on a limited basis (i.e., to select another security or increase the cash allocation within a model portfolio).

By your choosing a Strategy for an Account as provided in the Client Agreement, you have granted MAA investment and trading discretion for investments occurring in the Strategy. Through that discretion, we will have complete and full trading authority over the assets in the Strategy you select for your Account and may invest, reinvest, purchase, sell, exchange, convert and otherwise trade assets in your Account without prior notice. This authority will remain in full force and effect until we have either received or accepted instructions from you to either change the Strategy or terminate your Account.

As described above, MAA, as opposed to you, will have authority to make certain investment and trading decisions in your Account including:

- Implementing the CIO’s recommendations for the Strategy’s model portfolio.
- Investing the initial and any subsequent cash and securities deposited in the Account.
- Processing all contributions, withdrawal requests and Account terminations.
- Periodically reviewing the Account for rebalancing, if applicable.
- Implementing your Reasonable Investment Restrictions, if any.
- Implementing your tax-selling instructions, if any.

In connection with certain of these activities, MAA may utilize the services of Affiliates, in its discretion and subject to legal requirements, for investment and administrative support.
Authority for Rebalancing of Strategies

MAA actively manages your Account’s investments and may rebalance these investments to the Strategy’s allocations at any time in its sole discretion. MAA monitors your Account daily for contributions or withdrawals of assets and rebalances your Account when it deems it appropriate. Other flows of assets into or out of your Account such as dividends, interest, or the payment of the Program Fee may also prompt MAA to review your Account to determine if rebalancing is warranted. When the CIO updates your selected Strategy’s allocations, these changes may result in all, a portion of, or none of the assets in your Account being traded. MAA periodically monitors your Account for drift from the Strategy’s target allocations and may rebalance all or a portion of your Account’s assets to the Strategy allocation.

MAA may apply tolerance parameters or other criteria when rebalancing your Account to focus on the Fund investments causing deviation from the Strategy’s allocations. At times rebalancing may be targeted at specific Fund Investments. The frequency and parameters MAA uses to rebalance your Account in a selected Strategy may change at any time and may be different from the parameters used in other types of investment strategies or investment advisory programs sponsored by MAA.

MAA may at times consider the tax implications of certain transactions for certain types of accounts. MAA’s implementation of rebalancing may be delayed or otherwise impacted by market events and conditions and/or operational constraints. MAA reserves the right not to rebalance your Account if we believe it is not in your best interest to implement the rebalancing of your Account to the Strategy’s allocations.

Reasonable Investment Restrictions

In the Program, you may request through a Financial Solutions Advisor that we impose certain investment restrictions on the activity in your Account relating to the purchase of a specific Fund in the Strategy. For a restriction to be acceptable under the Program, it must first be determined to be “reasonable” by us (a “Reasonable Investment Restriction”). Please note that Reasonable Investment Restrictions will not apply to securities that are part of a Fund in the Strategy.

We also determine how to allocate investments based on a Reasonable Investment Restriction that we have accepted. MAA will generally allocate the assets that would have been invested in the security impacted by the Reasonable Investment Restriction in one of the following ways: (1) pro-rata across other investments held in the Account; (2) by using one or more replacement securities, which could include ETFs and/or (3) by remaining uninvested in cash.

We reserve the right to modify our practices regarding investment restrictions in our sole discretion at any time without notice. Further, we reserve the right to deem any proposed investment restriction to be unreasonable and to not accept the proposed investment restriction. If one or more investment restrictions are determined to be unreasonable, the Account may not be enrolled and you should consider other more appropriate Strategies in the Program, or other more appropriate products or services.

If you elect to impose Reasonable Investment Restrictions, you accept any effect such restrictions may have on the investment performance and diversification of the Strategy or your Account. The performance of Accounts with Reasonable Investment Restrictions will differ from and may be lower than the performance of Accounts without such restrictions. In addition, investment restrictions or any other limitations provided by you will not apply to the securities or other interests held in the portfolio of any Fund in your Accounts, even if the Fund provides public disclosure of the holdings within its portfolio; consequently, your ability to restrict investments in the Program will be limited.

If accepted, the Reasonable Investment Restriction will be included in periodic Program communications and will be applied to your Account until such restriction is changed, withdrawn or waived by you or we determine that it is no longer a Reasonable Investment Restriction. You may request to have different investment restrictions applicable to each of your Accounts.

Brokerage and Custody Services

You are required to maintain a securities (brokerage) account with us through Merrill. The Program Fee you pay generally covers the custody of your assets and the execution of transactions in the Program (except as otherwise indicated). Certain brokerage, banking or other features of your securities (brokerage) account will not be available to you for your Account while enrolled in the Program.

Brokerage Services

In your Client Agreement, you appoint us to act as your agent and attorney-in-fact with such discretionary power and authority to buy, sell or otherwise effect transactions in securities or other property, in whole or in part and in your name for your Accounts. You also authorize and direct us to cause all transactions to be effected through MLPF&S or our Affiliates acting as agent, or as permitted by law, as principal. Principal transactions are only effected in accordance with Program guidelines and applicable regulations. In effecting transactions for your assets in the Program, we or our Affiliates will be acting exclusively as a broker-dealer.

Trades will be handled by MLPF&S as broker-dealer and MAA as an investment adviser consistent with their regulatory and best execution obligations. Even in meeting these obligations, it is possible that you may be able to obtain better prices for transactions, if such trades were executed with other broker-dealers or third parties, including having smaller spreads (the difference between the bid and the offer price) or at more favorable net prices.

If we or one of our Affiliates cannot effect a transaction on your behalf, we will effect the transaction through an Unaffiliated Investment Firm that is chosen by us at the time. In making that determination, we will take into account various factors, such as the nature and quantity of the securities involved, the markets involved, the reputation and perceived soundness of the firm, the firm’s clearance and settlement capabilities and other factors relevant to the selection of a broker-dealer for the execution of client securities transactions. You, and not we, will bear the cost of markups or markdowns that are not covered by the Program Fees and that are payable to Unaffiliated Investment Firms (including on fixed-income or over-the-counter transactions in which MLPF&S and its Affiliates act as agent).

We may, but are not required to, aggregate orders for the sale or purchase of securities for your Strategies with orders for the same security for our other clients, proprietary accounts or the accounts of our employees (including a Financial Solutions Advisor) and/or related persons, without your prior authorization. Where order aggregation is employed, each account in the aggregated transaction will be charged or credited with the average price and, when applicable, its pro-rata share of any fees.

To the extent MLPF&S provides similar investment recommendations or trade orders for a particular Strategy to MAA for implementation, MAA’s ability to implement those recommendations may be affected by the liquidity of the security, market volatility, and any price limits that may be imposed by MLPF&S. This may in turn have a negative impact on the performance of a Strategy.
We seek to effect transactions correctly, promptly and in the best interests of clients. In the event an error occurs in our handling of client transactions, we seek to identify and correct any errors as promptly as possible without disadvantaging you. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing you. In general, in instances where we are responsible for effecting the transaction, we may: (i) reimburse you for any losses directly resulting from trade errors; (ii) credit to you any profits directly resulting from such trade errors that are corrected after the settlement of the transaction; or (iii) retain for ourselves any profits directly resulting from such trade errors that are corrected prior to the settlement of the transaction.

As a broker-dealer, MLPF&S is responsible for compliance with federal margin rules. Accounts in this Program are cash Accounts. With a cash Account, there is a risk that your Account could become restricted for 90 days if securities are sold before payment for their purchase has settled, a practice known as “freeriding.” Freeriding is prohibited, and could result in an Account being “frozen.” This means that while purchases of securities would be permitted, they must be fully paid for on the date of the trade. Imposition of such a freeze could have a negative effect on your ability to attain your investment objectives, and may cause your Account to perform differently than other accounts pursuing similar objectives.

Another factor that can increase the risk of a freeriding violation is changing Strategies, which may result in the sale of securities held and the purchase of new securities for your Account. Periodic rebalancing of your investments and changes in investment models used in certain investment strategies also can cause an increase in purchases and sales of securities over a short period of time, which will increase the risk of a freeriding violation. Client requests to withdraw cash from an Account also can cause a transaction to violate the freeriding prohibition.

Custodial Arrangements
MLPF&S will act as the custodian for the assets held in the Program. Your assets will be maintained in one or more central asset accounts established at MLPF&S through the applicable securities account. In the Client Agreement, you agreed to open any necessary securities accounts and execute the applicable MLPF&S securities account agreements. If you already have an existing MLPF&S securities account (“existing account”) and instruct us to open a similar type of account for the Program (“new account”), the Client Agreement and related documentation for your existing account will apply to your new account.

From time to time, MLPF&S (doing business as Merrill Edge) may offer to clients or potential clients certain promotions or rewards in connection with opening, maintaining or adding assets to an MLPF&S securities account. Such promotions or rewards may include, by way of example, the payment of a cash reward. The promotions may require a client to request to receive or participate in the promotion or reward, and/or require a client to meet various eligibility criteria. While these promotions or rewards may extend to a client’s MLPF&S securities account that holds assets in the Program, participation in the Program is not a condition for these promotions or rewards.

Any assets held in the Program must be and remain free from any lien, charge or other encumbrance (other than a lien, charge or other encumbrance in favor of us or our Affiliates), unless we agree otherwise. You must notify us in writing prior to effecting loans secured by securities in the Program (including loans by our Affiliates) (commonly referred to as “collateralizing”). We will not provide advice on or oversee any of your collateral arrangements. Unless we otherwise agree, in the event of any conflict between the terms of the Client Agreement and your collateral arrangements, the terms of the Client Agreement will prevail. You must also disclose to any lender the terms of the Client Agreement. No specific securities in your Account should be held as collateral to secure your loan. There are adverse effects of collateralizing an Account, including, but not limited to, the fact that the lending institution may require additional collateral or liquidation of securities to meet a call, as well as the related tax consequences. You must promptly notify us of any default or similar event under your collateral arrangements as defined in the respective collateral arrangements.

**PROXY VOTING**

You have the right to vote proxies for securities held in your Account and you will retain proxy voting authority for your Account. You cannot delegate to us and we do not accept any proxy voting authority for securities held in your Account. Since you retain proxy voting authority, we will promptly send you proxy ballots and related shareholder communications that we receive, as well as any other information intended for distribution to you. You are responsible for taking any actions.

If your Account is an ERISA Plan, you represent that plan documents and applicable law authorize voting authority to be reserved to the trustee(s) either in the discretion of the trustee(s) or pursuant to the discretion of a named fiduciary. If we do not receive voting instructions from you, we will comply with the rules of the SEC and applicable self-regulatory organizations relating to such matters, as required by law.

As a broker dealer, MLPF&S uses a third party service provider for certain proxy-related functions, including processing and forwarding proxy and other issuer related materials, and receives amounts collected by the vendor for the costs of these services as permitted by applicable securities regulations.

**ACCOUNT PREFERENCES**

**General**

You are able to set certain “Account Preferences” for each of your Accounts in the Program, including Frequency of Trade Confirmation Statements; Electronic Delivery of Certain Materials; and Reasonable Investment Restrictions. You should discuss these Account Preferences with a Financial Solutions Advisor. You may be asked to complete additional documentation.

Certain of our materials, including this Brochure, are accessible to clients as required under the Americans with Disabilities Act (“ADA”). Certain of our Program materials, including your Program Report also known as the Portfolio Summary, will be provided to you in an ADA compliant format upon request to a Financial Solutions Advisor.

**Frequency of Trade Confirmation Statements**

You will receive trade-by-trade confirmation for transactions in your Accounts; however, you may elect to receive transaction information on a periodic basis, which will be no less than quarterly. Your initial instruction in the Account Preferences section in your Client Agreement regarding receipt of trade-by-trade confirmations will apply to your applicable Accounts until such instruction is changed. Your election regarding receipt of trade confirmation statements will be reflected in your Portfolio Summary.

If you elect to receive trade information on a periodic basis, you understand the following:

- We will send copies of trade-by-trade confirmation information to you, as applicable, and MAA, in accordance with applicable law.
- You will not pay a different fee if you elect to receive periodic confirmation statements.
• You can rescind this instruction in writing at any time.
• Electing periodic confirmations is not a condition for entering into or continuing to participate in a Strategy or the Program.
• You may request to receive, at no additional cost, trade-by-trade confirmations for transactions effected for your Account for up to one year after we send the last periodic statement reflecting those transactions.
• You may receive interim updates and further details concerning any transaction effected between periodic statements either online (if you’re enrolled) or by calling a Financial Solutions Advisor.

Delivery of Certain Materials
When you enrolled in the Program, you acknowledged in the Client Agreement that you had received certain Program materials such as this Brochure, a Financial Solutions Advisor’s and any other Merrill Brochure Supplements, any Profiles, any applicable Fund materials, and, for Retirement Accounts, the Retirement Account Addendum. Additional copies may be requested from a Financial Solutions Advisor at any time and will be provided without charge. For your reference and convenience, we have posted this Brochure and other information at merrilledge.com/advisory-account-program-brochure.

Electronic Delivery
You may also separately arrange for the electronic delivery of certain Program materials, including the Brochure, any Account specific documents (and any changes or amendments) as well as other Program notices and materials, by signing up for electronic delivery via our internet website at merrilledge.com. If you consent to electronic delivery at that website, you will generally authorize us to deliver Program documents, disclosures and notices to you electronically. Electronic delivery through this process may not be available for all Program related communications, and in that case, we will send paper copies to you. There are separate procedures for enrollment and unenrollment through merrilledge.com. You may revoke your consent to electronic delivery of the Program Brochure and receive paper copies of that document by contacting a Financial Solutions Advisor. From time to time, we may deliver paper copies of documents relating to your Account notwithstanding your Account preference.

PROGRAM FEE
You agree to pay to us an annual asset-based fee (“Program Fee”) for the Services provided in the Program under the Client Agreement. The Program Fee will be payable monthly in advance and will be based upon an annual Program Fee rate of 0.85%. Please see the section “Other Fees and Expenses” for a list of other fees and expenses that you may be charged and are not included in the Program Fee.

The Program Fee rate will be set forth in the fee schedule section of your initial Portfolio Summary provided to you upon enrollment. Upon your request, and at no charge, we will provide to you additional detailed information regarding your Program Fee. Please contact a Financial Solutions Advisor if you would like to receive this more detailed Program Fee information.

You may be eligible for benefits such as Program Fee discounts, rebates or credits under certain promotional programs (“Bank programs”) that BANA offers from time to time for its banking product clients who also use the products or services of its Affiliates, including Merrill. In general, you must be a banking client of BANA, elect to participate in these Bank programs, and meet certain eligibility criteria of the Bank programs in order to receive the benefits available to clients of Merrill under these Bank programs. For additional information on these Bank programs, please contact us at 855-488-5249.

Calculation of Fees
The Program Fee is calculated monthly as follows:
• For each calendar month, the Program Fee rate that will be applied to your Account will be one twelfth of the annual Program Fee rate. In certain instances and in our discretion, we may waive or reduce your Account’s Program Fee for a particular month.
• In calculating the value of the assets in your Account, as described below, Merrill will use a variety of pricing sources. These pricing sources include Affiliates of Merrill.

When you enroll a new Account in the Program, an initial Program Fee will be assessed during the week following the date on which you have contributed the required minimum level of assets to the Account for the Strategy selected by you. The initial Program Fee will be calculated and paid to Merrill based on: (1) the value of the assets in your Account as of the earlier to occur of the last business day of the week or the last business day of the month following required funding; and (2) one twelfth of the annual Program Fee rate applicable to such value, and prorated based on the number of days remaining in the month from the date of required funding.

After the initial Program Fee, the Program Fee is typically charged to your Account during the first week of the current calendar month; and the Program Fee will be calculated and paid to Merrill based on: (1) the value of the assets in your Account as of the last business day of the previous calendar month; and (2) one twelfth of the annual Program Fee Rate applicable to such value.

If you or we terminate your Account we will refund to you a pro-rata portion of the Program Fee based on the number of calendar days remaining in the month. The refund, if any, will be applied to your Account typically during the week following Account termination. See the section “Closing an Account and/or Terminating the Client Agreement” for further information.

Deduction of Program Fees from Your Account
You have agreed in the Client Agreement as follows:
• Unless otherwise agreed to between you and MLPF&S in writing, the Program Fee (and any other fees payable under the Client Agreement) will be deducted directly from your Account. You may be able to pay the Program Fee from assets held outside of your Program Account. You should contact a Financial Solutions Advisor for additional information. MLPF&S is authorized to deduct the Program Fee (and any other fees payable) from the assets held in your Account, to the extent permitted by law, if full payment of such fees has not been timely received or, if earlier, at the time the Account is terminated.
• The Program Fee and any other fees for your Account will be payable, unless otherwise indicated, first from the liquidation or withdrawal by MLPF&S of your shares of any money market funds or balances in any money market or bank deposit account(s), as you authorize in the Client Agreement or other document, and second from free credit or cash balances, if any, in your Account.
• You will make timely payment of all amounts due to MLPF&S under the Client Agreement, and any unpaid Program Fees may result in the termination of your Account(s).
• To the extent permitted by law, all assets in your Account or otherwise held by MLPF&S or any of its Affiliates for you will be subject to a lien for the discharge of your obligation to make timely payment to MLPF&S of the Program Fee (and any other fees payable under the Client Agreement), and MLPF&S may sell assets in your Account to satisfy this lien. If free credit or cash balances within the alternate account you have designated for your Program Fees to be deducted from are
not available in that alternative account, the Program Fee will be deducted from your Program Account.

Services Covered by the Program Fee

The Program Fee you pay for the investment advisory services described in this Brochure also covers our brokerage services, including clearance and settlement of transactions and custody of assets. Please keep in mind that although the Program offers a wide range of services, the primary purpose of the Program is to provide you with investment advice and guidance. The Program Fee covers a range of services, as described above, that are intended to be supplemental and enhance the investment advisory services you receive.

There are certain investments (such as investments in mutual funds) for which you do not incur brokerage commissions or other transaction charges when those securities are purchased through your Program Account. Accordingly, although you may be charged a Program Fee that covers charges for brokerage execution, you should be aware that transactions involving these investments are not subject to separate charges for brokerage execution. However, by purchasing such securities through an Account enrolled in the Program, you will be able to purchase different share classes typically with lower expense ratios than what you would be able to purchase in your brokerage account. The full amount of the Program Fee payable under the Client Agreement will be charged in accordance with its terms, regardless of your use of any of the services offered or of the amount of transactions effected in your Account.

Certain of these services are not available in all types of securities accounts, Strategies and/or the jurisdiction in which you reside. Please speak with a Financial Solutions Advisor about the availability of these services.

Other Fees and Expenses

The Program Fee does not cover:

• Mark-ups/mark-downs and dealer spreads by executing broker-dealers or other over-the-counter transactions in which Merrill or its Affiliate acts as agent.
• Dealer spreads, underwriting fees or selling concessions with respect to any principal transaction effected by us or our Affiliate.
• Fees, expenses and charges of Funds or Fund managers with respect to Fund investments.
• Exchange or similar fees charged by third parties, including issuers, and fees required by the SEC.
• Transfer taxes.
• Alternative trading system fees.
• Electronic fund, wire and other Account transfer fees.
• Any other charges imposed by law or otherwise agreed to with regard to the Account.

When your Account invests in Funds, you generally will purchase shares that have no front-end sales load or contingent deferred sales charge, or for which such loads or charges are waived. However, as a Fund investor, you will bear your proportionate share of such Fund’s fees and expenses including, but not limited to, management fees and performance-based compensation paid to the Fund’s investment managers or their Affiliates, fees payable to the Fund’s professional and other service providers, transaction costs and other operating costs. Any Fund redemption or other fees imposed by a Fund manager as a result of you redeeming the Fund to invest in a particular Program Strategy will be separate from the Program Fee. The Program Fee does not cover or offset any of the fees and expenses that any Fund may incur for transactions occurring within the Fund itself, including commissions and other transaction-related charges incurred by the Fund, even if we effect these transactions for the Fund. Except as otherwise provided for Retirement Accounts, the Program Fee will not be reduced even if MLPF&S or an Affiliate effects transactions for the Funds or otherwise provides services to the Funds for compensation.

Assets on Which the Program Fee is Charged

Except as noted, you will be charged the Program Fee on all assets in your Account, including cash. Generally, all Account values used to determine the Program Fees described above are based on the value of the assets in your Account, as determined by us. In calculating such Account values, we will use a variety of pricing sources, including our Affiliates.

Cash Assets: The Program Fee will be applied to any cash and cash alternatives held in your Account. This includes (1) money market funds; (2) cash that is treated as a cash balance which is automatically swept into a cash sweep vehicle in accordance with the cash sweep program for your Account as provided for in the underlying Merrill securities account agreement (“Cash Sweep Program”) and (3) cash in your Account due to your having chosen the “no sweep option” as provided for in the Merrill securities account agreement. You will experience negative performance on the cash asset allocation for your Account if the Program Fee charged for your Account is higher than the return you receive on any cash asset holdings. See “Funding and Operation of Accounts—Cash Balances and the Cash Sweep Feature.”

The Program Fee is in addition to other compensation that Merrill and its Affiliates will earn on cash held for investment purposes and cash held as part of a cash asset allocation that is swept to a cash sweep vehicle in accordance with the Cash Sweep Program. For more information about the cash sweep program, including compensation and benefits we and our Affiliates receive, see “Funding and Operation of Accounts—Cash Balances and the Cash Sweep Feature” in Item 4 and “Participation or Interest in Client Transactions and Conflicts of Interest—Cash Balances and Cash Sweep Program” in Item 9.

ABILITY TO OBTAIN CERTAIN SERVICES SEPARATELY AND FOR DIFFERENT FEES

You should discuss the brokerage and investment advisory services we make available with a Financial Solutions Advisor to determine which may be most appropriate for you. You may be able to obtain some or all of the types of Services described herein from us without participating in the Program subject to certain restrictions, including the type of account for which you are seeking these types of Services. If you were to do so, your total cost may be lower or higher than the Program Fee.

We offer other investment advisory programs, including:

• Merrill Guided Investing (“MGI”), making available, through an online, self-guided interactive website, a selected list of investment strategies, including certain of those available in this Program, for an annual asset based fee of 0.45%.
• Merrill Guided Investing with Advisor (“MGI with Advisor”), offering a selected list of investment strategies, including certain of those available in this Program, and access to a Financial Solutions Advisor for investment advice and guidance and an interactive website for an annual asset based fee of 0.85%.
• Merrill Lynch Investment Advisory Program (“MLIAP”), providing investment advice and guidance from a dedicated financial advisor and access to a comprehensive range of investment solutions, including certain of the Strategies available in this Program, for a negotiated annual asset based fee.

There are important differences among this Program and these other programs to keep in mind. We have provided you with materials that help to explain the various platform and programs we offer, including the
Form CRS and the “Summary of Programs and Services” at at merrilledge.com/relationships. Additional copies of these materials are available from your Financial Solutions Advisor upon request.

You may also be able to obtain some or all of these types of services from other firms, and if they are available, the fees associated with them may be lower or higher than the fees we charge. You should discuss the Services and Strategies we make available with a Financial Solutions Advisor to determine which may be most appropriate for you. When you compare the Strategies, account types and programs and their relative costs, you should consider various factors, including, but not limited to:

- Your preference for an investment advisory or brokerage relationship.
- Your preference for a discretionary or a non-discretionary relationship.
- Your preference for access to a Financial Solutions Advisor compared to an online-only relationship.
- The types of investment vehicles and solutions that are available in each Strategy, Merrill program or service.
- Whether a particular investment solution offered in one Strategy or service is available through another Strategy or Merrill program or service at a lower or higher cost.
- Whether you wish to invest in mutual funds or ETFs, and which mutual funds and ETFs (if any) are available in particular Strategies or programs.
- The frequency and type of client profiling reports, performance reporting and account reviews that are available in each program or service.

FUNDING AND OPERATION OF ACCOUNTS

Opening a Program Account
The Client Agreement allows you the flexibility to open or enroll into the Program an Account and any subsequent Accounts in the same capacity with verbal, electronic or written instructions. You may need to sign a separate Client Agreement if you want to open an Account in any other capacity. Examples of different capacities include an individual capacity, a trustee of a trust, a guardian for a minor, a business entity (e.g., corporation, partnership), and a non-IRA retirement plan.

The effective date of the Client Agreement for each of your Accounts will be the date of its acceptance by us and will be set forth in the Program Report. The Client Agreement will not apply to any Account that is not reflected in the applicable Portfolio Summary. Any preliminary discussions or recommendations provided to you before we accept the Client Agreement do not constitute investment advice under the Investment Advisers Act and should not be relied on as such.

Funding Your Account
You may fund your Account by depositing cash and/or securities acceptable to us. We may determine in our sole discretion that certain assets are ineligible for the Program or otherwise unacceptable. Failure to comply with the request to transfer such assets out of an Account enrolled in the Program may result in that Account’s termination from the Program.

If we determine any contributed asset is not eligible or is unacceptable, the Client Agreement allows us to transfer this asset to a Merrill securities brokerage account or sell the asset as promptly as practicable, including on a principal basis, and charge you a commission for the sale of the asset.

As a general matter, we will sell any assets you may have in your Account in order to invest in accordance with the Strategy. If we determine not to sell the particular asset, are unable to sell the asset or if you specifically direct us in writing to not liquidate the asset (before it has been liquidated), we have the right to transfer the asset to a Merrill securities brokerage account or other account.

We will not act as a fiduciary or an investment adviser in connection with these sale transactions. You are responsible for all tax liabilities arising from any sale of such ineligible or unacceptable assets.

Special Note about Funding Your Account with Fund Shares
Before contributing Fund shares to the Program, you should consider the fact that you may have paid a front-end sales charge or may be obligated to pay a contingent deferred sales charge or redemption fee if the Fund shares are redeemed by us in order to invest in the Strategy you have selected. These fees, where applicable, will remain your responsibility and will be in addition to the Program Fee.

Each Fund has its own system of Fund share classes for certain types of clients and accounts. The Program-eligible Fund share classes vary depending on the Fund, its roster of share classes and our agreements with the Funds. In general, the share classes that are eligible for the Program do not have any sales loads and annual asset-based fees (often referred to as “service fees” or “12b-1 fees”), although there are some mutual funds available in the Program that have such annual asset-based fees due to share class availability.

If you contribute or hold mutual fund shares that we deem to be ineligible for the Program but within a Strategy’s holdings, we will either sell them and purchase the share class eligible for the Program or we will exchange them (under the authority provided to us under the Client Agreement, Fund prospectus rules and our own policies) into the Program eligible share class as promptly as practicable. We may also require you to remove them from the Account if not in a Strategy’s holdings.

We may not elect to exchange particular share classes of a mutual fund if, for example, there is no equivalent class eligible for the Program or if other circumstances exist. Prior to contributing any mutual fund shares to your Account, you should discuss the impact of a sale or exchange of these shares with a Financial Solutions Advisor. Depending on your Program Fee, by contributing Fund shares to your Account in the Program, you could be subject to higher expenses overall once the shares are exchanged into a class we deem to be eligible or if you held them in your brokerage account.

Contributions and Withdrawals of Assets
Contributions of cash and securities to your Account may be made at any time. There may be a delay between the date that funds or securities are contributed to an Account and the date that MAA invests such funds (or the potential liquidation of contributed securities occurs) in accordance with the applicable Strategy. We will not be liable for any lost opportunity profits that may result from a delay in investing any contributed funds or securities.

For withdrawal requests, the liquidation of certain securities will be required. Withdrawal requests will be implemented as promptly as practicable, although implementation of the withdrawal may be delayed in certain instances, such as during periods of extreme market volatility. The following will apply to our handling of a withdrawal request:

- We require at least five business days, prior notice before you withdraw assets from an Account. In certain situations, it may take longer than five business days before you can access your requested funds. Our ability to liquidate may be impacted by market conditions and events or pending re-balancing or other actions being taken for the Strategies.
- Funds must be withdrawn from the Account by you as soon as practicable after settlement date, and if the requested funds are not withdrawn from the Account within five calendar (5) days after

Merrill Edge Advisory Account Program | 10

MESPB 032221
settlement, the funds may be subject to reinvestment without notifying to you.

- We reserve the right to terminate any Account that falls below the required minimum asset size as reflected in the applicable Profile.
- Your withdrawal request will be handled as promptly as practicable given other activities that may be occurring at the same time in an Account like changes to a Strategy, any rebalancing transactions in process and other activity affecting the Account.
- We also reserve the right to terminate any Account that falls below the required Program minimum as outlined in the Program Brochure.
- Merrill reserves the right to liquidate, redeem or exchange Funds and other securities that are transferred from an Account to a brokerage account.
- Taxable gains and losses may be realized as a result of your withdrawal.
- Frequent withdrawals from your Account may affect the achievement of investment objectives for the Strategy you selected.
- As a broker-dealer, Merrill Lynch is responsible for compliance with federal margin rules relating to an Account’s trading activity, which may impact available funds for an Account. Please see the section “Brokerage and Custody Services—Brokerage Services” for additional information.

**Service Changes or Additions**

You may change or add a Service or add Accounts to your Portfolio, subject to approval by us, by contacting a Financial Solutions Advisor. We will implement any approved changes that you select as soon as reasonably possible.

You will not be able to use Visa® cards or write checks on an Account while it is enrolled in the Program.

**Closing an Account and/or Terminating the Client Agreement**

The Client Agreement may be terminated at any time by either us or you, with verbal or written notice to the other party. The termination of the Client Agreement will terminate all Accounts. You may also terminate any Accounts subject to the Client Agreement by giving us notice of such termination. Your termination of a particular Account will not automatically terminate any of your other Accounts. Termination of the Client Agreement will not affect or preclude the consummation of any transaction initiated prior to termination.

Upon termination of an Account or the Client Agreement, a pro-rata adjustment to the Program Fees for the remainder of the billing period will be made, which may result in a refund of your Program Fee monthly payment. In addition, your Account will be converted to, and designated as, a brokerage account that will be subject solely to the Merrill securities brokerage account agreement. You (or if more than one is available, as designated by you) will then have the sole responsibility for the investment of assets in your Account.

Termination of your Account will be effective following the completion of processes that may be required to terminate the Account, including any required liquidations. Liquidations or redemptions will generally be effected by the close of the next business day following termination, although the liquidation or redemption process may take longer. The termination of the employment of a Financial Solutions Advisor who had been assisting you with your Account will not automatically terminate the Client Agreement. In the event that a particular Financial Solutions Advisor is no longer able to service your Account, we will transfer that Account to a different Financial Solutions Advisor team.

Notwithstanding the foregoing, there are certain Funds and other securities that are not eligible to be held in an account that is not enrolled in the Program. Upon Account termination or termination of the Client Agreement or if you or we move or transfer the Fund shares from your Account to a brokerage account, we will automatically liquidate, redeem or exchange these shares into another appropriate share or unit class in accordance with applicable offering materials and our own policies, without providing prior notice. Additional fees and expenses may apply upon any such liquidation, redemption or exchange.

Brokerage share classes generally will have higher operating expenses than advisory share classes that are eligible for the Program and will charge sales loads and annual asset-based fees, which will be used to compensate Merrill or one of its Affiliates. An investor who holds a more expensive share class of a Fund will pay higher fees over time and earn lower investment returns than an investor who holds a less expensive share class of the same Fund. The total cost of purchasing and holding Funds through a Merrill Lynch brokerage account will be more or less than continuing to invest in Funds through the Program, depending on the amount of your Program fee and the specific Fund share class in which you invest.

**Cash Balances and the Cash Sweep Feature**

At times, some portion of your Account will have an allocation to cash based on the Strategy’s cash asset class allocation and/or for operational considerations for your Account, including transaction processing and Program Fee collection. In certain circumstances, including periods of volatile or uncertain market conditions, any such cash allocation may comprise all or a substantial portion of your Account assets invested in a particular Strategy based on, for example, concerns about the market, a decision to pursue a defensive investment strategy, or for cash management purposes.

Any cash balances will automatically be “swept” in accordance with the cash sweep vehicle available to you (or if more than one is available, as designated by you) as part of the underlying Merrill securities account agreement relating to your Account under the Cash Sweep Program. Under the Cash Sweep Program applicable to your account type, cash balances will be swept to (1) a bank deposit account at BANA and/or other banks affiliated with us (a “Bank Affiliate”); (2) a designated money market fund; or (3) to any other cash sweep options we make available from time to time.

Unless you have a certain type of Retirement Account (e.g., a Retirement Cash Management Account) in the Program, the only cash sweep vehicle currently available to you under the Cash Sweep Program is a bank deposit account at one of our Bank Affiliates. The applicable terms of the available sweep vehicles are described in the disclosures that you received in connection with your underlying Merrill securities account.

Current rates are available from a Financial Solutions Advisor or online at the link labeled “Deposit Account & Money Fund Rates” in the footer of www.merrilledge.com.

If you have elected the “no sweep” option for the cash balances held in your underlying Merrill securities account, the cash balances in your Account will remain in your Account and will not be swept. If you make this selection, you will not earn interest or dividends on cash balances held in your Account. You will be charged the Program Fee on the cash held in your Account even though you are not earning any interest or dividends on that cash.

Cash balances swept to a bank deposit account at one or more of our Bank Affiliates will be placed in a bank deposit account bearing a reasonable rate of interest that has been established for, and in light of the features of, the Cash Sweep Program. The interest rate paid to you by BANA and other Bank Affiliates on the deposit account will likely be lower than the interest rates available on other deposit accounts at the Bank Affiliates or on comparable deposit accounts at other banks.
Generally, the rate you will earn in the bank deposit account through the Cash Sweep Program will be lower than yields on cash alternatives, such as money market funds, that are available to you through us for investment outside of the Cash Sweep Program. The Bank Affiliates will benefit from their use of the deposits. We or our Affiliates will receive compensation from the Bank Affiliates for the services related to the Cash Sweep Program and this compensation will be in addition to, and will not reduce, your Program Fee, except as required by law. See Item 4 at the section “Program Fees—Assets on Which the Program Fee is Charged” and Item 9 at the section “Participation or Interest in Client Transaction and Conflicts of Interest—Cash Balances and Cash Sweep Program.”

The Cash Sweep Program will not take effect and therefore your cash balance will not be swept into the Bank Affiliate deposit account or other applicable cash sweep vehicle until Merrill has on file a signed Merrill securities account agreement. We reserve the right to terminate you from the Program if we do not have a signed Merrill securities account agreement on file. The applicable terms of the available sweep vehicles are described in the disclosures that you received in connection with the underlying Merrill securities account; these terms and the current rates are available from a Financial Solutions Advisor.

For certain types of Retirement Accounts (e.g., Retirement Cash Management Accounts), cash balances that are swept into a money market fund as part of the Cash Sweep Program are subject to such Fund’s management, distribution, transfer agent, and other expenses. These fees and expenses are in addition to, and will not reduce, your Program Fee, except as required by law. We receive compensation in connection with any such money market fund holdings. See Item 9 at the section “Participation or Interest in Client Transactions and Conflicts of Interest.”

Legal Matters and Related Notifications
We will not advise or act for you with respect to any legal matters for securities held in your Account, including bankruptcies or class actions. As a broker-dealer, we will endeavor to send you any documents received with respect to such matters.

TAX MATTERS
You are responsible for all tax liabilities and tax-return filing obligations arising from the transactions in your Program Account. We are not responsible for attempting to obtain any tax credit or similar item or preparing and filing of any legal document on your behalf. You should review all disclosures you receive associated with the investments held in and transactions occurring within your Account with a qualified tax professional. We do not, and will not, offer tax advice to you and you need to rely on such qualified tax professional in all instances for tax advice.

You should be aware that tax consequences may arise when Strategy changes occur such as re-balancing, liquidations and redemptions. Except to the limited extent described in this section, we specifically disclaim any undertaking of tax management of your Account or investments and assume no responsibility for any resulting tax consequences. Additionally, if you direct us by contacting a Financial Solutions Advisor to take certain actions for tax related reasons, there is no assurance that your desired tax effect will be realized.

For example, if you direct us to realize gains in your Account, when we resume normal trading activity in your Account, such activity could generate new taxable losses or gains, and the same or similar securities may be repurchased. Similarly, if you direct us to realize losses in your Account, when we resume normal trading activity in your Account, such activity could generate new taxable losses or gains.

Upon your request to realize losses within an Account we will attempt to undertake the following: (1) restrict purchases of substantially identical securities in the Account for a minimum of thirty-one calendar days following the sale of securities at a loss in the Account; (2) restrict sales of substantially identical securities in the Account that are currently at a loss for a period of thirty-one calendar days following the purchase of securities in the Account; and (3) at our discretion, engage in strategies to invest the available proceeds for varying time periods in substitute securities, current holdings, and/or alternative securities such as ETFs.

We do not make any guarantee that these actions will be successful in recognizing these losses. We are not providing any tax advice with respect to the effects of these transactions including whether a loss has been recognized under the wash sale rules under the Code. We do not take into account the trading activity in any of your other accounts, including your other Accounts in the Program or any accounts you have with Merrill or its Affiliates or third parties. You should consult your own professional tax advisor regarding the tax consequences of these transactions. You should be aware that as a result of these transactions, a higher than normal cash position may result for a period of time. In addition, this type of transactional activity may adversely affect Account performance and may increase the volatility of its results.

---

Item 5. Account Requirements and Types of Clients

CLIENT ELIGIBILITY
Investors generally eligible to participate in the Program include individuals, trusts, estates, corporations and virtually all other types of business as defined by us. Not all types of investors are eligible for each Strategy.

PROGRAM MINIMUM
There is a minimum asset requirement of $20,000 to enroll into the Program. We may waive or alter this minimum at our discretion.

RETIREMENT ACCOUNTS
For a Retirement Account holding shares of a mutual fund, including a money market mutual fund, the sub-accounting service or distribution fees received by us or our Affiliate from the mutual fund or a fund service provider or its Affiliate, will be credited to the Retirement Account on a periodic basis.

In the future, your Retirement Account may invest in shares of mutual funds which are Related Funds that we may offer from time to time. If a Retirement Account invests in a mutual fund that is a Related Fund, then any advisory fee or other compensation paid to Merrill or our Affiliates that is incurred in connection with the investment in a Related Fund, will be credited to the Retirement Account on a periodic basis, to the extent required by law.

Retirement Account clients:
• Acknowledge receipt of the prospectus, offering materials or other required disclosure document, and agree to acknowledge receipt of such documents in the future, if applicable, for any Related Fund.
• Represent that the client is independent of, and unrelated to, Merrill.
• Approve the investment management and other fees paid by any Related Fund held in your Retirement Account in relation to the Account fees payable pursuant to the Client Agreement.

Merrill Edge Advisory Account Program | 12
You may revoke or modify the approval reflected in the prior sentence at any time by notifying a Financial Solutions Advisor. Such notice should include instructions regarding the disposition of the proceeds of the sale of shares of any Related Fund then held in the Retirement Account.

If you contribute to a Retirement Account or hold in a Retirement Account mutual fund shares that we deem to be ineligible for the Program, such shares will be converted into a class of shares of the same mutual fund we deem to be eligible, and will then be subject to the Program Fee. The timing of any such conversion is determined by us in our sole discretion. Prior to contributing any mutual fund shares to your Retirement Account, you should discuss the impact of a conversion of these shares with a Financial Solutions Advisor and any economic impact.

**Item 6. Portfolio Manager Selection and Evaluation**

**REVIEW AND SELECTION OF STRATEGIES AND FUNDS AVAILABLE IN THE PROGRAM**

**General**

Through the Program, we make available strategies with various investment styles and corresponding risk levels. As a general matter, we identify the rationale for a particular investment management style based on a variety of factors, including client needs, investment styles available in the marketplace, platform capacity, client demand and the outcome of reviews conducted by or under our auspices, including through the CIO. The CIO is a Merrill business group providing investment solutions, portfolio construction advice and wealth management guidance to Financial Solutions Advisors and clients, and it is separate from MAA and from the Merrill business group that administers the Program.

**Strategy Construction**

Through the Program, we, through the CIO, will construct the Strategies and select the Funds and the allocations or allocation ranges for each Strategy. Please refer to the Profile for additional information about the Strategy you select. In general, we develop the Strategies in an effort to strike a balance between current income and growth, unless otherwise noted in the Profile for the particular Strategy.

The CIO constructs Strategies based on risk profiles and corresponding asset allocations. It develops asset allocations for the Strategies based on its view of appropriate Strategic Asset Allocation in light of market conditions, expected trends and corresponding Tactical Asset Allocation adjustments (as these terms are described below). In developing its Strategic Asset Allocation, the CIO first forecasts long-term expected return, risk, and correlation assumptions for each asset class (referred to as “Capital Market Assumptions”). The methodology used for each asset class takes into account current valuations as well as historical relationships among asset classes. These Capital Market Assumptions are then used as an input in the development of long-term allocation guidelines (referred to as “Strategic Asset Allocations”), which are the foundation for each Strategy. We review the Strategic Asset Allocations on a periodic basis.

To develop our Tactical Asset Allocation positions, we then make tactical adjustments (referred to as “Tactical Asset Allocation”) to the Strategic Asset Allocations based on our near-term market, economic, and asset class expectations. These tactical adjustments overweight or underweight specific asset classes, incorporating our investment views on how market dynamics, phases of the economic or business cycle, and particular investment themes may affect the Strategies. In order to determine Tactical Asset Allocations, we utilize internal as well as third-party research and data at both the macro and micro levels.

The CIO will select Funds to fulfill the Tactical Asset Allocation of the Strategies used in this Program. Only the Funds that have been covered under the CIO Review Process as described in this section are selected for inclusion in a Strategy. The CIO also considers whether a Fund has sufficient assets under management and meets minimum trading volume parameters. In addition, the Fund’s share price or net asset value, along with the corresponding allocation weighting, taking into account the Strategy’s investment minimum is evaluated.

Once the Strategies are constructed, the CIO regularly monitors and reviews them and makes adjustments based on asset allocation changes. The Funds used in the Strategies are also periodically reviewed to ensure they continue to meet the criteria for inclusion. The Strategies are also subject to internal governance and oversight processes on a periodic basis, which may include a review of Strategy performance against expectations as well as any applicable investment or regulatory restrictions.

Not all Funds are available for inclusion in a particular Strategy. With certain exceptions, the mutual funds (other than certain no-load funds only available in the Program) and ETFs that are available in the Program are generally the same mutual funds and ETFs available for your purchase in brokerage accounts.

The Program does not currently offer any Related Funds. However, to the extent any Related Funds become available, we may allow them to be available as Funds of a Strategy. In such case, in exercising its obligations under the Program, we may purchase any such Related Fund. The conflicts of interest and other considerations arising from the use of Strategies constructed, implemented and managed by Merrill or any of its Affiliates or Related Companies are discussed in Item 9 of “Compensation, Conflicts of Interest and Material Relationships.”

**CIO Review Process**

The initial and periodic reviews of Strategies and Funds available in the Program are performed by our product teams through an internal business review. In addition, for the review of Funds, including those to be included in the Strategies constructed by the CIO, we have in place an investment review conducted by or under the auspices of personnel of the CIO, referred to as the “CIO Review Process.” All constituent Funds included in the Strategies are subject to the CIO Review Process.

The CIO Review Process consists of proprietary processes, including those conducted by the CIO, or through those provided by third-party reviewers which we have engaged for this purpose. The services provided by third parties as part of the CIO Review Process are generally consistent with the multi-factor processes described below, but they are not identical. The third parties may use different factors in evaluating Funds, or may assign different weightings to the same factors. However, we, through the CIO, have reviewed such third party reviewers’ processes and believe they are reasonable and appropriate in light of the objectives of the Program.

Once we identify a need for a particular investment management style, a multi-factor process is used to review and select appropriate Funds to meet this need. These factors may include, but are not limited to: organizational structure and stability of a Fund; adherence to investment style; evaluation of risk and volatility; investment professional and strategy resources; investment philosophy and process; portfolio construction; performance; and operating and administrative capability. In addition, for ETFs, in particular, we also examine index construction methodology and ETF portfolio management process, tracking error to the reference index, trading costs, liquidity and expenses.
Based on these factors and using the information collected, the CIO Review Process involves quantitative and qualitative analytical methods, some of which may be subjective. Different weightings may be assigned to each of the factors considered and generally no single factor will be determinative. There is no assurance that the CIO Review Process or our internal reviews will identify the best performing Funds.

Our reviews may involve in-person visits, telephone conference calls, reviews of performance, and updates of certain Fund documents and information. We may also conduct periodic analysis of composite performance to determine whether that performance generally appears to be consistent with that of the Funds. We do not perform audits of Funds to verify past performance information that the Funds provide to us.

For each Strategy, we will periodically evaluate factors related to the Strategy and Fund investments included in the Strategy that we deem appropriate. These reviews may occur as part of the CIO Review Process or otherwise. In addition, for each Fund available at Merrill, including those included in the Strategy, we will periodically evaluate factors related to the Fund investments that we deem appropriate. In addition, we may initiate reviews based on various factors determined by us and the CIO to be appropriate, including the level of assets in a Strategy or Funds in client accounts at Merrill or our Affiliate, the number or percentage of Merrill or Affiliate clients in a Strategy or its included Funds and the asset class involved. If we identify concerns regarding a Strategy or a Fund that we find significant or important, we may choose not to accept any new investments in that Strategy or the Fund. A drift or variation of the style of management of a particular Strategy or constituent Fund from the stated style does not require a removal from our Program offering.

We retain the decision-making authority to add or remove a Fund that may be included in a Strategy, regardless of or in light of the results of any review conducted, including the CIO Review Process.

BoFAML Global Research publishes research reports and ratings (“Research Ratings”) regarding a select universe of ETFs and other exchange-traded products (collectively, “ETPs”). Research Ratings on ETPs are intended to assess the potential for outperformance of ETP peers in the same coverage category. BoFAML Global Research and other business units, including the CIO, apply different methodologies in their review of ETPs, and may arrive at different or inconsistent conclusions with respect to one or more ETPs. The CIO Review Process and our product team’s internal business review will determine an ETP’s availability for the Strategies. We may rely on or otherwise use the ETP Research Ratings as an input or factor for an ETP’s availability for the Strategies.

Our review of the Strategies and Funds does not substitute for your ongoing monitoring of your Account and the performance of your investments.

Information Available Regarding Strategies and Strategy Profiles

We make available additional guidance to Financial Solutions Advisors through regular or ad hoc internal publications. This may include information that reflects our internal opinions and views with respect to a Fund, notices of a particular event that may lead to these being closed to new investments or terminated from a Strategy, or other information. You should discuss with a Financial Solutions Advisor any questions you may have about our views with respect to a particular Strategy or Fund.

You will generally be provided with a Profile for each Strategy made available to you through the Program. You should carefully read the Profile provided and understand the relevant objectives, styles and risks. While the Profile provides general information, any past performance shown on the Profile is not indicative of future results. The Profile will also describe the role of MAA and any related Account requirements with respect to the Strategy. You should review any investment materials available from your Financial Solutions Advisor about investments in your Account, including any prospectuses and other offering material produced by issuers and sponsors of investment products.

We make no claim that the Profile performance information has been calculated according to any industry standards. Performance information provided may include hypothetical performance data consisting of mutual fund model results. Please note that any past performance shown on the Profile is not indicative of future results and your investment performance for any Strategy in your Account may differ from the information presented in the Profile for that Strategy.

Account performance also may differ for a variety of other reasons, including differences in the types, availability and diversity of securities that can be purchased, regulatory restrictions on the purchase of certain securities, economies of scale and other factors applicable to investments in large accounts, gains or losses caused by currency transactions and other considerations. After considering, among other factors, information and representations provided by the CIO as the manager of the Strategy model, MAA believes that the CIO’s past performance is reasonably representative of the investment style as it will be implemented in the Program by MAA and is sufficiently relevant for consideration by a potential or existing client.

Please note that any past performance shown on the Profile is not indicative of future results and your investment performance for any Strategy in your Account will differ from the information presented in the Profile for that Strategy.

ADVISORY SERVICES PROVIDED BY MERRILL AND CERTAIN AFFILIATES

Merrill and MAA act as the portfolio manager for your Account as described in Item 4 at "Investment Strategy Services." We act as both the wrap fee program sponsor and portfolio manager for the Strategies offered through the Program and receive the Program Fee as described in this Brochure. Merrill receives the entire Program Fee as described in this Brochure. We also act as the portfolio manager in other wrap fee programs sponsored by us. We act as an investment adviser in certain investment advisory programs, such as MGI and MGI with Advisor, which provide investment advisory services that are similar to the Program Services but are not the same. Additional information is available in Item 4 at "Ability to Obtain Certain Services Separately and for Different Fees.”

In addition, other BofA Corp. Affiliates or divisions, such as Bank of America N.A., offer their own managed products or wrap programs that are similar to this or other Merrill programs. Advice and/or recommendations provided to accounts in these programs will be different from or even conflict with the advice and guidance provided in connection with the Program, and recommendations provided to other Affiliates or other programs. This is due to, among other things, the differing nature of the Affiliate’s investment advisory services and differing processes and criteria upon which determinations are made.

Further, although CIO releases information and analyses about a Fund to all Affiliates simultaneously and BoFAML Global Research may make its research opinions and research reports available regarding securities and research strategies at the same time, it is possible that such Affiliates will act on that information before MLPF&amp;S or MAA has had the chance to evaluate and act on those changes. Accounts participating in a Merrill program that commences trading after those of other Affiliates may be subject to price movements, particularly with large orders or where...
securities are thinly traded, that would cause them to receive prices that are less favorable than those obtained by Affiliates.

TAILORED INVESTMENT ADVICE
As described above in Item 4 at the section “Advice and Guidance,” we will recommend a Target Asset Allocation based on certain information provided by you, and you will be able to select a Strategy for your Account. You also may request that we impose Reasonable Investment Restrictions.

If you have an investment policy statement or other investment guidelines (“IPS”), it is your responsibility to ensure that the IPS is properly reflected in your responses inputted into your discussion with a Financial Solutions Advisor, including any investment restrictions.

We do not have any responsibility to review, monitor or adhere to any IPS relating to your Account. Adherence to your IPS is solely your responsibility. To the extent the terms of such IPS conflict with a Strategy you select under the Program, by signing the Client Agreement, you have agreed that the terms of such IPS were amended to incorporate by reference such investment or Strategy.

PERFORMANCE-BASED FEES
The Program does not charge performance-based fees. Certain mutual funds that may be included in the Strategy you select, however, may be subject to performance-based fees or varying Fund expense charges that are imposed by the Fund’s manager, advisor or other party that are based on performance of the Fund.

METHOD OF ANALYSIS
The implementation and management of any CIO Strategy will be dependent upon the CIO’s investment expertise, philosophy and process and will be supplemented by the Financial Solutions Advisor understanding the Strategies and providing advice and guidance to you. We have made available various resources to the Financial Solutions Advisor, including: (1) investment guidance and management research and publications from the CIO covering macroeconomic and market events and Strategies and Funds and (2) information and assistance from other Merrill internal specialists and support teams. The use of such guidance and proprietary model portfolios does not assure or guarantee that investment performance will necessarily be profitable or consistent with the proprietary model portfolio.

VOTING CLIENT SECURITIES
You have the right to vote proxies for securities held in your Account(s) and will retain proxy voting authority for such securities. You cannot delegate to us and we do not accept any proxy voting authority for securities held in your Account.

INVESTMENT STRATEGIES AND RISK OF LOSS
General Risks of Investing. All investments involve risk (the amount of which may vary significantly); investment performance can never be predicted or guaranteed; and the values of your assets will fluctuate due to market conditions and other factors. Investments made, and the actions taken, for your Program assets will be subject to various market, liquidity, currency, economic and political risks, and will not necessarily be profitable.

You are assuming the risks involved with investing in the Strategies and the Funds. You could lose all or a portion of the amount held in the Program. There is no assurance that the performance results of any benchmark or index used in connection with a Strategy, including those shown in a Profile, can be attained. Market movements and other factors may result in significant differences between the performance of your Account, your Account’s Target Asset Allocation and the Strategy selected for your Account.

You should review any investment materials available from your Financial Solutions Advisor about investments in your Account, including any prospectuses and other offering material produced by issuers and sponsors of investment products.

Target Asset Allocation and Monitoring. Any target asset allocations (including your Target Asset Allocation) or benchmarks, as applicable, referred to in connection with your Strategy, Account or Portfolio are not intended to be an assurance or guarantee of the performance of any investments in the Strategy or the Strategy itself.

In addition, you may impose guidelines or restrictions on your Account that may result in your Account being concentrated in one or a few sectors, industries or securities. Concentrated portfolios typically increase the risk and volatility of an Account and may result in a decrease in diversification. We may determine not to accept such guidelines and/or restrictions.

Using Your Account as Collateral. You may take action to make your Account assets “pledged” or used as collateral (if we consent) in connection with loans you obtain through certain Affiliated or unaffiliated loan programs, such as, but not limited to, the securities based lending Loan Management Account® and Mortgage 100%/Parent Power® mortgage programs (“Lending Programs”). Risks to your Account may be heightened in the event you pledge your Account or if your pledged Account makes up all, or substantially all, of your overall net worth or investible assets.

The lender has the right to protect its own commercial interests and to take actions that adversely affect the management of your Account and related performance. Regardless of whether the lender is us or an Affiliate or a third-party lender, the lender’s lien is senior to any rights we may have on the assets in the Account. As such, the lender has the right to sell securities in the Account that serve as collateral, if needed.

Neither you nor any of us (including our Affiliates), if applicable, may be provided with prior notice of a liquidation of securities or transfer of interests in your pledged Account. Furthermore, neither you nor we are entitled to choose the securities which are to be liquidated or transferred by the lender.

Use of Strategies Where Merrill Is the Manager. The Strategies currently available in the Program are those that are constructed, implemented and managed by Merrill (through the CIO). These Strategies are not subject to the same level of review that is applicable to third-party manager strategies that Merrill may offer in its other investment advisory programs. The Strategies in the Program are subject to internal governance processes and any applicable legal restrictions.

Role of a Financial Solutions Advisor in the Program. A Financial Solutions Advisor’s view of the Strategies will be an important factor in determining which Strategies are recommended to you or purchased for your Account.

Cyber Security Risks. With the increased use of technologies to conduct business, Merrill and its Affiliates are susceptible to operational, information security, and related risks. In general, cyber incidents can result from deliberate attacks or unintentional events and may arise from external or internal sources. Cyber-attacks include unauthorized access to digital systems (such as through “hacking” or malicious software coding) for purposes of misappropriating assets or sensitive information; corrupting data, equipment, or systems; or causing operational disruption. Cyber-attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-
service attacks on websites (making network services unavailable to intended users). Cyber incidents may cause disruptions and affect business operations, potentially resulting in financial losses, impediments to trading, the inability to transact business, destruction to equipment and systems, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs. Similar adverse consequences could result from cyber incidents affecting a Fund in which your Account invests, issuers of securities and other interests in which such a Fund may invest, counterparties with which a Fund engages in transactions, governmental and other regulatory authorities, exchange intermediaries and service providers, and other parties.

Particular Risks about Mutual Funds and Non-Traditional Funds. The Strategies you select may invest in shares of, or interests in, Funds. The CIO may determine to invest in shares of or interests in Non-traditional Funds ("NTFs"). NTFs are mutual funds and ETFs registered with the SEC that we classify as "Alternative Investments" as an asset class because their principal investment strategies utilize alternative investment strategies (including short selling, leverage and derivatives as principal investment strategies) or provide for alternative asset exposure as the means to meet their investment objectives. NTFs may not have the same type of non-market returns as other types of Alternative Investments since NTFs have a relatively liquid and accessible structure with daily pricing and liquidity, are subject to a more structured regulatory regime and offer lower initial and subsequent investment minimums.

Particular Risks about ETFs. The Strategies you select may invest in shares of, or interests in, ETFs. As an ETF shareholder, you, along with other shareholders of the ETF, will bear a proportionate share of the ETF’s expenses, including, as permitted by applicable law, certain management fees, broker fees, and other expenses, which may be paid to a Related Company. An ETF’s prospectus contains a description of its fees and expenses. A copy of an ETF’s prospectus is available from your Financial Solutions Advisor upon your request. When you invest in an ETF, you will indirectly pay a proportionate share of the ETF’s costs for services that may be similar to, or duplicative of, Services rendered as part of the Program and paid for directly through the Program Fees.

Among other services provided, we or our Related Companies may effect transactions for any of the ETFs offered through the Program, and any compensation paid to us or our Related Companies by the ETF, or its Affiliates, is in addition to the Program Fee. Due to the additional economic benefit to us or our Related Companies when assets in your Account are invested in an ETF that pays compensation to us or our Related Companies, a conflict of interest exists. We attempt to address this conflict by selecting ETFs based on the investment merits of the particular investment products and not based on the compensation that we and our Related Companies earn and through the disclosure in this Brochure.

You may be able to purchase shares of the ETFs offered through the Program in the secondary market or from an ETF through an authorized participant (in creation unit aggregations only), or through us without enrolling in the Program. If you do so, you would not pay the Program Fee for such assets, however, you will not receive the investment advice and other Services offered through the Program. Below is a summary of certain risks relating to investing in ETFs that may apply to all or certain types of ETFs offered through the Program. Please refer to the particular ETF prospectus for more information about the risks applicable for a particular ETF. If you would like a copy of a particular ETF prospectus, you may obtain one by contacting a Financial Solutions Advisor who will arrange for it to be sent to you free of charge.

ETFs are subject to risks relating to market trading that include the potential lack of an active market for ETF shares and disruptions in the creation and redemption process. Although ETF shares are listed on a national securities exchange, it is possible that an active trading market in the shares of a particular ETF may not develop or be maintained, particularly during times of severe market disruption. If ETF shares need to be sold when trading markets are not properly functioning, the ETF shares may be sold at a significant discount to their Net Asset Value ("NAV"). In some cases, it may not be possible to sell ETF shares in the secondary market. For example, an anticipated closing of the national securities exchange on which an ETF’s shares are listed or one or more markets on which either the ETF’s shares trade or the ETF’s portfolio holdings trade or the inability of such markets to open for trading during normal business hours, such as in response to a natural disaster or other event causing severe market disruption, could result in the inability to buy or sell shares of the ETF and the ETF’s inability to buy and sell exchange-traded portfolio securities during that period, or in a disruption of the ETF’s creation and redemption process, and may make it difficult for the ETF to accurately price its investments, thereby potentially affecting the price at which ETF shares trade in the secondary market. All of these events could adversely affect the performance of the ETF.

Trading in ETF shares also may be halted by an exchange or other markets because of market conditions or other reasons. If a trading halt occurs, an investor may temporarily be unable to purchase or sell shares of the ETF. Similarly, an exchange or other markets may issue trading halts on specific securities or derivatives, which will affect the ability of the ETF to buy or sell certain securities or derivatives. In such circumstances, the ETF may be unable to rebalance its portfolio or accurately price its investments and may incur substantial trading losses.

ETF shares also may trade on an exchange or on other markets at prices below their NAV. The NAV of ETF shares will fluctuate with changes in the market value of the ETF’s holdings and the exchange-traded prices of the ETF’s shares may not reflect these market values.

Only an authorized participant may engage in creation or redemption transactions directly with an ETF. To the extent that these institutions exit the business or are unable to proceed with creation and/or redemption orders with respect to an ETF and no other authorized participant is able to step forward to create or redeem, ETF shares may trade at a discount to NAV and possibly face delisting. This risk is exacerbated if an ETF has a limited number of institutions that serve as authorized participants. Certain ETFs may effect creations and redemptions for cash, rather than in-kind. As a result, an investment in such an ETF may be less tax-efficient than an investment in a more conventional ETF. ETFs generally are able to make in-kind redemptions and avoid being taxed on gains on the distributed portfolio securities at the ETF level. An ETF that effects redemptions for cash, rather than in-kind distributions, may be required to sell portfolio securities in order to obtain the cash needed to distribute redemption proceeds. If the ETF recognizes gains on these sales, this generally will cause the ETF to recognize gains it might not otherwise have recognized, or to recognize such gains sooner than would otherwise be required if it were to distribute portfolio securities in-kind. ETFs generally intend to distribute these gains to shareholders to avoid being taxed on the gain at the ETF level and otherwise comply with the special tax rules that apply to it. This strategy may cause shareholders to be subject to tax on gains they would not otherwise be subject to, or at an earlier date than, if they had made an investment in a different ETF. Moreover, cash transactions may have to be carried out over several days if the securities market is relatively illiquid and may involve considerable brokerage fees and taxes. These brokerage fees and taxes, which will be higher than if the ETF sold and redeemed its shares principally in-kind, will be passed on to purchasers and redeemers of creation units in the form of creation and
redemption transaction fees. In addition, cash transactions may result in wider bid-ask spreads in shares trading in the secondary market as compared to ETFs that transact exclusively in-kind. ETFs that seek to track the performance of a specified underlying index ("Index ETFs") are not actively managed and the investment advisers of such ETFs do not attempt to take defensive positions in declining markets. Therefore, Index ETFs may be subject to greater losses in a declining market than a fund that is actively managed. A number of factors may affect an Index ETF’s ability to achieve a high degree of correlation with its underlying index, and there can be no guarantee that an ETF will achieve a high degree of correlation with its underlying index either on a single trading day or for a longer time period. Factors such as ETF expenses, imperfect correlation between the ETF’s investments and the components of the underlying index, rounding of share prices, changes to the composition of the underlying index, regulatory policies, a high portfolio turnover rate, and the use of leverage all contribute to tracking error and correlation risk. Failure to achieve a high degree of correlation may prevent an ETF from achieving its investment objective and cause the ETF’s performance to be less than you expect.

Item 7. Client Information Provided to Portfolio Managers

As part of the enrollment process, we elicit information about your financial circumstances, investment objectives, risk tolerance and other relevant information relating to your Accounts and Portfolios. We do not generally provide this information to Funds.

In managing your Portfolio, we rely on information you provide and it is your responsibility to notify promptly your Financial Solutions Advisor of any updates to such information.

Item 8. Client Contact with Portfolio Managers

MAA has agreed to make one or more of its advisory or investment personnel reasonably available for consultation with Financial Solutions Advisors and with you by request.

Item 9. Additional Information

DISCIPLINARY INFORMATION

The following is a summary of certain adverse legal and disciplinary events and regulatory settlements that may be material to your decision of whether to retain us for your investment advisory needs. Certain disclosures below relate to disciplinary events that occurred with predecessor firms, Banc of America Investment Services, Inc. ("BAI") and Banc of America Securities LLC ("BAS"), which each merged with MLPF&S in the 2009-2010 time period. You can find additional information regarding these settlements in Part 1 of Merrill Lynch’s Form ADV at: adviserinfo.sec.gov/IAPD.

On April 17, 2020, the SEC issued an administrative order in which it found that MLPF&S had willfully violated Section 206(2) of the Advisers Act. Specifically, the order found that from January 1, 2014 to May 31, 2018, it failed to disclose in its Form ADV or otherwise the conflicts of interest related to (1) its receipt of 12b-1 fees and/or (2) its selection of mutual fund share classes that pay such fees. During this period, MLPF&S received 12b-1 fees for advising clients to invest in or hold such mutual fund share classes. In determining to accept the offer of settlement, the SEC considered that MLPF&S self-reported to the SEC pursuant to the SEC’s Share Class Selection Disclosure Initiative and had completed a number of the undertakings in the order prior to issuing the order. In the order, MLPF&S was censured and ordered to cease and desist from committing or causing any violations and any future violations of Section 206(2) of the Advisers Act. It was also ordered to make disgorgement payments of $297,394 and prejudgment interest payments of $27,982 to affected investors.

On August 20, 2018, the SEC announced that MLPF&S, without admitting or denying the findings, entered into a settlement related to willful violations of Sections 206(2) and 206(4) of the Advisers Act and Advisers Act Rule 206(4)-7. Specifically, the SEC’s administrative order found: (1) a failure to disclose that the portfolio manager process employed in connection with a January 2013 termination recommendation was exposed to a conflict of interest (less than one-seventh (1/7) of 1% of total advisory accounts (approximately 1,500) were invested in the products subject to the termination recommendation); and (2) a failure to adopt and implement written policies and procedures reasonably designed to prevent violations of the Advisers Act. In determining the appropriate sanctions, the SEC considered Merrill Lynch’s remedial acts promptly undertaken and cooperation afforded the SEC staff. Merrill Lynch consented to the imposition of a cease-and-desist order, a censure, and disgorgement and a financial penalty totaling approximately $8.8 million.

On June 16, 2014, MLPF&S, without admitting or denying the findings, entered into a FINRA settlement relating to its failure to have an adequate supervisory system to ensure that certain clients received sales charge waivers for purchases of certain mutual funds’ Class A shares, which affected certain retirement accounts and certain clients with a particular type of brokerage account. This settlement resulted from MLPF&S self-identifying certain of these issues. MLPF&S consented to the imposition of a censure and a fine of $8 million and agreed to provide additional reimbursement to the agreed upon impacted clients. It has reimbursed all such impacted clients.

On June 21, 2012, MLPF&S, without admitting or denying the findings, entered into a FINRA settlement related to the following: (1) failure to have an adequate supervisory system around billing processes for certain investment advisory programs and, as a result, overcharging certain account clients during the 2003-2011 time period (client accounts impacted were less than 5% of its total advisory accounts and the aggregate fee overcharge amount was less than one-half (½) of 1% (approximately $32 million) of the total advisory fees billed during that period); (2) failure to send contemporaneous or periodic trade confirmations to certain client accounts for ten investment advisory programs; (3) having inaccurate or incomplete trade confirmations for certain mutual fund transactions by failing to state the trade capacity as agent or a principal on trade confirmations and account statements; (4) failure to deliver (directly or through a vendor) proxy materials to certain clients or to their designated investment advisers and failure to have an adequate supervisory system to detect this failure (clients impacted constituted less than 1% of its clients during the relevant period); and (5) failure to send margin risk disclosure statements and/or business continuity plans to certain clients upon the opening of their accounts (clients impacted were less than 1% of its clients during the relevant period). In determining the appropriate sanctions, FINRA considered MLPF&S’ internal review through which it identified the violations, the remedial measures that it took to correct its systems and procedures, and its efforts to provide remediation to affected clients. MLPF&S
consented to the imposition of a censure and a fine of $2.8 million. All overcharged accounts were reimbursed.

On October 4, 2011, MLPF&S entered into a consent agreement with FINRA regarding its alleged failure to have a supervisory system to ensure that all accounts in which an employee either had a financial interest or over which the employee had control were monitored and reviewed for potential misconduct. In addition, FINRA found that MLPF&S failed to establish, maintain and enforce written procedures to adequately supervise a registered representative who was subsequently found to have used a business account at the firm to implement a fraudulent scheme. Without admitting or denying the findings, MLPF&S consented to the entry of findings, a censure, and a fine of $1 million.

On June 6, 2009, BAI and BAS, two of our predecessor firms, were enjoined by the United States District Court for the Southern District of New York from violating, directly or indirectly, Section 15(c) of the Exchange Act. The injunction was the result of an SEC complaint alleging that BAI and BAS had violated Section 15(c) by allegedly misleading customers about the nature and risks associated with auction rate securities ("ARS"). Without admitting or denying the allegations, BAI and BAS entered into a consent decree and agreed to a series of undertakings designed to provide relief to certain individual investors. On January 10, 2012, MLPF&S agreed to settlements with the Illinois Securities Department (for alleged activities of BAS and BAI) and the North Carolina Department of the Secretary of State, Securities Division (for ARS activities of MLPF&S) involving the marketing and sale of ARS. In both actions, it was alleged that the inappropriate marketing and sales of ARS occurred without adequately informing certain customers of the increased risks of illiquidity associated with ARS that constituted an occurrence of dishonest and unethical practices in the offer and sale of securities and failure to supervise. In the Illinois action, MLPF&S agreed, among other things, to repurchase at par certain illiquid ARS and to pay a total fine of $50 million that was to be distributed among the other state regulator parties to an ARS-related consent order. With respect to the North Carolina action, MLPF&S agreed, among other things, to repurchase at par certain illiquid ARS held by certain of its clients and to pay a total fine of $3,193,552 to the North Carolina regulator representing its portion of a total civil penalty of $125 million that was to be distributed among the other state regulator parties to an ARS-related consent order.

OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

MLPF&S, an indirect wholly-owned subsidiary of BofA Corp., is a leading global investment banking firm and a registered broker-dealer and investment adviser. In the United States, Merrill acts as a broker (i.e., agent) for corporate, institutional and private clients and as a dealer (i.e., principal) in the purchase and sale of corporate securities, primarily equity and debt securities traded on exchanges or in the over-the-counter markets. We also act as a broker and/or a dealer in the purchase and sale of mutual funds, money market instruments, government securities, high-yield bonds, municipal securities, financial futures contracts, and options.

Merrill serves as a principal in the United States and acts as a financial advisor to clients, including margin lending and other extensions of credit as well as a wide variety of financial services, such as securities clearing, retirement, and custodial services.

MAA, an indirect wholly-owned subsidiary of BofA Corp., is a registered investment adviser that provides investment advisory services to clients that establish accounts under the Program and other investment advisory programs, including MLPF&S, MGI and MGI with Advisor. As registered investment advisers, MLPF&S and MAA complete Form ADVs, which contain additional information about those entities, BofA Corp., and their Affiliates. As registered investment advisers, MLPF&S and MAA complete Form ADVs, which they publicly file with the SEC (available at adviserinfo.sec.gov/IAPD). For purposes of Form ADV Part 2, certain MLPF&S and/or MAA management persons are registered as registered representatives or associated persons of Merrill Lynch. In the future, certain MLPF&S and/or MAA personnel may be considered management persons and, as such, may be registered, or have applications pending to register, as registered representatives and associated persons of Merrill Lynch to the extent necessary or appropriate to perform their job responsibilities.

BoFA Corp., through its subsidiaries and Affiliates, provides broker-dealer, investment banking, financing, wealth management, advisory, asset management, insurance, lending and related products and services on a global basis. These products and services include (1) securities brokerage, trading and underwriting; (2) investment banking, strategic advisory services (including mergers and acquisitions) and other corporate finance activities; (3) wealth management products and services including financial, retirement and generational planning; asset management and investment advisory and related record-keeping services; (4) origination, brokerage, dealer and related activities in swaps, options, forwards, exchange-traded futures, other derivatives, commodities and foreign exchange products; (5) securities clearance, settlement financing services and prime brokerage; (6) private equity and other principal investing activities; (7) proprietary trading of securities, derivatives and loans; (8) banking, trust and lending services, including deposit-taking, consumer and commercial lending, including mortgage loans, and related services; (9) insurance and annuities sales; and (10) research across the following disciplines: global equity strategy and economics, global fixed-income and equity-linked research, global fundamental equity research, and global wealth management strategy.

BoFA Corp. is subject to the reporting requirements of the Exchange Act and additional information about BoFA Corp. can be found in publicly available filings with the SEC.

Conflicts of Interest and Information Walls. Merrill, MAA and their parent company, BoFA Corp., engage in a wide range of activities and businesses across a broad spectrum of clients. As a result, we recognize that actual, potential and perceived conflicts of interest develop in the normal course of operations in various parts of the BoFA Corp. organization. To address these conflicts, information walls are in place which are designed to allow multiple businesses to engage with the same or related clients at the same time while mitigating any conflicts arising from such a situation. For example, information walls are designed to prevent the unauthorized disclosure of material nonpublic information and allow public side sales, trading and research activities to continue while other businesses within BoFA Corp. possess material nonpublic information. Additionally, BoFA Corp. maintains a Code of Conduct which provides guidelines for the business practices and personal conduct all associates and board members are expected to adopt and uphold.

Managing conflicts of interest is an integral part of BoFA Corp.’s risk management process. We believe that no organization can totally eliminate conflicts that exist explicitly or implicitly. Each of BoFA Corp., BoFA5, Merrill and MAA evaluates its business activities and the actual and possible conflicts that may emerge from its activities on an ongoing basis. To the extent that existing or new business activities raise an actual conflict of interest, or even the appearance of a conflict, we endeavor to provide you with full and clear disclosure or to take action to avoid or manage the conflict.
CODE OF ETHICS
Each of MLPF&S and MAA has adopted an Investment Adviser Code of Ethics (the “Code of Ethics”) covering our personnel who are involved in the operation and offering of investment advisory services. Each Code of Ethics is based on the principle that clients’ interests come first, and it is intended to assist employees in meeting the high standards that each of MLPF&S and MAA follows in conducting our business with integrity and professionalism. Each Code of Ethics covers such topics as the:

• Requirement that all employees comply with all applicable securities and related laws and regulations.
• Reporting and/or clearance of employee personal trading.
• Prevention of misuse of material nonpublic information.
• Obligation to report possible violation of the Code of Ethics to management or other appropriate personnel.

All covered personnel must certify to receipt of the Code of Ethics. We will provide a copy of each of the Code of Ethics to you upon request. MLPF&S and MAA have each imposed policy restrictions on all personnel for transactions for their own accounts and accounts over which they have control or a beneficial interest. In addition, we have special policies requiring that certain personnel obtain specific approval of our securities transactions and have implemented procedures for monitoring these transactions, as well as those of all our employees.

MLPF&S and MAA each acknowledge that it is: (1) subject to fiduciary responsibilities under the Advisers Act when it provides the investment advisory services pursuant to the Client Agreement; and (2) a fiduciary, as defined by ERISA, for a client that is an ERISA Plan, with respect to the investment advice it provides such plan.

COMPENSATION, CONFLICTS OF INTEREST AND MATERIAL RELATIONSHIPS
Benefits to Us from Your Enrollment in the Program
We (including our Affiliates), the Financial Solutions Advisors that you interact with and other of our employees benefit from the fees and charges paid by you and other clients for the Services described in this Brochure. Financial Solutions Advisors receive compensation from MLPF&S in the form of a salary and certain incentive awards related to the amount invested in the Program and other of our Affiliated Programs. Financial Solutions Advisors who introduce clients to the Program and provide on-going services to such clients receive compensation from us.

The amount of compensation we and/or a Financial Solutions Advisor receive from your enrollment in the Program may also be more or less than the compensation that we and/or the Financial Solutions Advisor would receive if you had instead participated in other investment advisory programs offered by MLPF&S or its Affiliates or if you had engaged in the investment activities in a brokerage securities account. If there is higher compensation, we and a Financial Solutions Advisor have a financial incentive to recommend this Program over other programs or other services offered by us (or our Affiliates).

We, through our Financial Solutions Advisors, may suggest or recommend that you use our securities account, execution and custody or other services, or such services of an Affiliate. Similarly, our Financial Solutions Advisors may suggest or recommend that you purchase our products or our Affiliates’ products. Where you use or purchase Merrill Lynch’s or our Affiliate’s services or products, we and our Affiliates will receive fees and compensation. Our Financial Solutions Advisors may, as permitted by applicable law, receive compensation (the amount of which may vary) in connection with these products and services.

We address these conflicts from compensation described in this section and throughout the Brochure in a variety of ways, including, disclosure of various conflicts in this Brochure. Moreover, our Financial Solutions Advisors are required to recommend investment advisory programs, investment products and securities that are suitable for, and in the best interest of, each client based upon the client’s investment objectives, risk tolerance and financial situation and needs and considering cost. In addition, we have established a variety of restrictions, procedures and disclosures designed to address actual and potential conflicts of interest—both those arising between and among Accounts as well as between Accounts and our business.

Sub-accounting Services and Affiliate Compensation
We only make available as part of a Strategy those mutual funds and money market funds (each, a “fund”) and share classes of funds that pay our wholly-owned subsidiary, Financial Data Services, LLC (“FDS”) for providing the required sub-accounting and other services. These sub-accounting and other services include aggregating and processing purchases, redemptions, exchanges, dividend reinvestment, consolidated account statements, tax reporting and other related processing and recordkeeping, services (together, “sub-accounting services”).

Under agreements with each of these funds (or their respective principal underwriter or other agent), FDS provides daily sub-accounting services to the holders of these funds maintaining shares in an Account as well as in other Merrill securities accounts and receives the agreed upon sub-accounting service fee. This cost is either borne by the fund (like other fund expenses) as part of its operating costs or by its adviser, principal underwriter or other agent.

These service arrangements and the amount of the compensation vary by fund types, fund and by share class. These fees and fee rates are subject to change from time to time and may be received individually or as part of a “bundled” arrangement that includes other types of fees, such as administration and distribution payments.

For U.S. mutual funds, depending on the specific arrangements, FDS receives sub-accounting services fees from or on behalf of the mutual fund of either an asset-based fee of up to 0.15% per annum or up to $21 annually per client position in the mutual fund. For U.S. money market mutual funds, the sub-accounting services asset-based fee is generally 0.005% per annum. Money market funds available to certain accounts as an automatic cash sweep option also include a 0.40% asset-based administration fee per annum. Due to applicable regulation, FDS does not retain compensation for sub-accounting services for funds held in Retirement Accounts.

We have a conflict of interest in selecting certain fund products (or share classes) for inclusion as part of our product offering available to you. Certain mutual funds or share classes that would otherwise meet our criteria for inclusion as part of our product menu but whose principal underwriters, agents or sponsors do not agree to pay a fee that FDS determines is appropriate for its services will not be selected, thereby limiting the available universe of funds (and share classes) available to you. In addition, the amount of the fees paid to FDS for these services varies among funds and, in certain instances, between share classes of individual funds. This results in a conflict of interest because it creates an incentive for FDS to recommend that you invest in funds and share classes that pay higher fees. We will receive higher sub-accounting fee payments from fund families that have higher fund assets held in our clients’ accounts because the service fee calculation is based off of the level of the asset holdings. Additionally, FDS benefits financially because the aggregate amount of the sub-accounting fees exceed the costs to provide these services.
We address these conflicts of interest in the following ways. We disclose the nature of our sub-accounting service arrangements. We also determine the compensation paid to our Financial Solutions Advisors on the same basis for all Program assets without regard to the amount of compensation we or our Affiliates receive. Financial Solutions Advisors do not have an incentive to recommend certain funds over others because they do not receive additional compensation as a result of these types of arrangements. In addition, we and our Affiliates select funds that are available on our investment advisory platform and offered through the Program as well as in our brokerage offering based on qualitative and quantitative evaluation of such factors as performance, risk management policies and procedures and on the consistency of the execution of their strategy.

Arrangements relating to Mutual Fund Share Classes and ETFs
For the mutual funds that are part of a Strategy, your assets are generally invested in the lowest-cost share class eligible for the Program. The Program-eligible mutual fund share classes vary depending on the mutual fund, its roster of share classes and our agreements with the funds. In general, the share classes that are eligible for the Program do not have annual asset-based fees like Rule 12b-1 fees, although there are some mutual funds available in the Program that have such fees due to legacy positions that are pending conversion to an eligible share class. Certain mutual funds offer a fund share class that does not include a sub-accounting services fee. Accordingly, you should not assume that you will be invested in the share class with the lowest possible expense ratio that the mutual fund provider makes available to the investing public.

In addition, the share class of money market funds available as part of the cash sweep option for certain types of accounts will not necessarily be the lowest-cost share class available from the money market fund. It is generally in your best interest to purchase lower-fee share classes because your returns are not reduced by additional fees and expenses. For clients in the Program, neither the CIO managing the Strategies nor a Financial Solutions Advisor has an incentive to recommend or select share classes that have higher expense ratios because their respective compensation is not affected by the share class selected.

From time to time a fund may authorize us to make available to clients participating in the Program a class of shares of such fund with a lower fee structure that we believe is more beneficial to you than the class of shares previously made available in the Program. Where such exchange is available, under the authority provided to us under the Client Agreement, we will effectuate an exchange to the other class of shares of the same fund with the lower fee structure as promptly as practicable.

For additional information on mutual funds and money market funds you can review our “Mutual Fund Investing at Merrill Lynch” document available at ml.com/funds and through a Financial Solutions Advisor upon request.

Certain ETFs engage an Affiliate of Merrill as an authorized participant. In that role, our Affiliate engages in creation and redemption transactions directly with the ETF, and is compensated through its market making activities in the secondary market.

COMPENSATION RECEIVED BY US AND OUR AFFILIATES
Affiliated Products. Separate and apart from the Program, Merrill, through its Financial Solutions Advisors, may suggest or recommend that you use the Merrill securities account and our execution and custody or other services for other of your investment activity or use the services of our Affiliates. Similarly, Financial Solutions Advisors may suggest or recommend that you purchase our products or those of our Affiliates. Where you use or purchase our or our Affiliate’s services or products, we and our Affiliates will receive fees and compensation. A Financial Solutions Advisor will, as permitted by applicable law and our policies, receive compensation (the amount of which varies) in connection with these products and services.

Principal Trading and Agency Cross Transactions. Through its Affiliates (including BofA Securities, Merrill may execute certain transactions on a principal basis. Transactions that are considered principal transactions include all of our new issue equity and debt securities offerings (including MLJ offerings) where we or our Affiliates act as an underwriter, selling group member or placement agent. We may execute secondary transactions in fixed income securities on a principal basis where we or our Affiliates act as a dealer. In addition, our Affiliates can act in a principal capacity under certain circumstances when we execute transactions for your Account. In a trade executed in a principal capacity, our Affiliate can act as your trade counterparty and it can act as a market maker for, or have a proprietary position in, the securities that are the subject of the transaction. We and our Affiliates receive compensation in connection with principal transactions, including markups, markdowns, underwriting discounts, selling concessions and other compensation. We and our Affiliates can profit from transacting as your counterparty or having proprietary positions in the subject securities. Moreover, we have an incentive to recommend a transaction in a security that our Affiliate maintains in inventory that is otherwise difficult to sell.

Other than transactions in a Retirement Account, Merrill may engage in agency cross transactions when it acts as agent for both buyer and seller in a transaction. If this type of trading execution occurs, since Merrill generally receives compensation from each party to an agency cross transaction, there is a conflict of interest between our obligations to you and to the other party to the transaction.

Cash Sweep Program. If you hold cash balances in your Account, our Bank Affiliates benefit financially when your cash is held in its bank deposit accounts affiliated with the Cash Sweep Program because bank deposits are used to fund their lending, investment and other business activities. Their profitability is determined, in large part, by the difference between the interest paid on the bank deposit and the interest or other income earned on loans, investment and other assets which may be funded in part by bank deposits. In addition, the Bank Affiliates determine the interest rate paid to depositors in the Cash Sweep Program.

The greater the amount of the cash balance maintained in your Account (which is as a result of a recommendation from us as manager of a selected Strategy) that is swept into a Cash Sweep Program bank deposit account and the lower the interest rate paid on the related bank deposit, the more our Bank Affiliates benefit. The interest rate paid to you by our Bank Affiliates will likely be lower than the interest rates available on other deposit account types at the Bank Affiliates or on comparable deposit accounts at other banks. Generally, the rate you earn through the Cash Sweep Program will be lower than yields on other cash alternatives that are available for investment outside of the Cash Sweep Program, such as money market funds.

For Accounts that are eligible for and that elect a money market fund as its cash sweep option, FDS receives compensation for providing infrastructure, marketing support, sub-accounting or other services.

If you choose the “No Sweep” option, we also benefit from the custody or use of uninvested cash balances in your Account. As a registered broker-dealer, Merrill also benefits from the possession or use of any free credit balances in your Accounts, subject to restrictions imposed by federal securities laws and regulations.
RELATIONSHIP WITH ASSET MANAGERS AND SPONSORS

Third-Party Firm Business Relationships. We and our Affiliates have business relationships with investment managers, including third-party managers of investment strategies offered in other of our investment advisory programs, Fund managers, distributors and sponsors, and insurance companies and other product providers (“Third-Party Firms”).

We or our Affiliates may effect transactions in the ordinary course of business for a mutual fund offered through the Program. Any compensation paid to us or our Affiliates by the fund manager or sponsor or any of their affiliates, is additional compensation to us for services we and our Affiliates provide to them. Third-Party Firms may direct their clients’ transactions to us. We may also make available to them research, execution, custodial, pricing and other services in the normal course of business. Any compensation paid to us or our Affiliates is additional compensation to us for services we and our Affiliates provide to them.

Merrill has agreements with Third-Party Firms relating to the offering and distribution of Third-Party Firm investment products to our clients. Merrill works with Third-Party Firms to provide information to our registered representatives, including Financial Solutions Advisors, about investment products of Third-Party Firms that are available in a securities brokerage account or through our investment advisory programs.

It is possible that these Third-Party Firm relationships create a conflict of interest and affect opportunities to negotiate more favorable financial terms for client investments in the products of the Third-Party Firms. We disclose the nature of our relationship in general with Third Party Firms. The compensation paid to Financial Solutions Advisors is based on salary and not sales and thus they do not have an incentive to recommend certain funds over others because they do not receive additional compensation as a result of these types of arrangements or compensation. Additionally, we and our Affiliates select funds that are available through the Program as well as in our brokerage account program and other of our investment advisory programs based on qualitative and quantitative evaluation of such factors as performance, risk management policies and procedures and on the consistency of the execution of their strategy. We have adopted various policies and procedures reasonably designed to prevent the receipt of such compensation and other business arrangements from affecting the nature of the advice we provide, although such policies and procedures do not eliminate such conflicts of interest.

Third Party Firms’ Cost Sharing for Training Events and Other Meetings. Certain Third-Party Firms periodically participate in Merrill-hosted or Affiliate-hosted internal training and education conferences for Merrill personnel as well as in conferences that Merrill or an Affiliate hosts for clients (each, a “Training Event”). Third-Party Firms electing to participate in a particular Training Event will generally share in the cost of the seminars. The amount that a Third-Party Firm will contribute towards the expenses of a Training Event will vary depending on, among other things, the number of events in which a Third-Party Firm participates. There is no requirement that Third-Party Firms provide any such support or payments in order for their investment products to be made available by us to our clients. For 2020, the total support received from participating Third-Party Firms for these Training Events was approximately $1.3 million.

In addition, certain Third-Party Firms periodically participate in meetings that provide our Financial Solutions Advisors and certain personnel with information on their platform of products and services and with the opportunity to interact with their management and investment personnel. They also help to support client and prospect events, like seminars, trade shows and booth events and support charitable events through contributions. These meetings and events typically occur at a location determined by the Third-Party Firm or at our local branch offices. Certain Third-Party Firms share in the costs of these types of meetings and events, subject to a cost sharing cap. They are not permitted to pay for, or contribute to the cost of, travel, accommodation or continuing education administrative fees. For 2020, the total support from participating Third-Party Firms for these types of meetings and events was approximately $3.8 million.

The participation of, and the cost sharing by, a Third-Party Firm in Training Events and other meetings and events present conflicts of interest because they create incentives for us to recommend products of these Third-Party Firms. The ability to participate and share in the costs of these events is not dependent or related to the amount of assets invested by you or any other of our clients in or with the products or services of the particular Third-Party Firm. Neither we nor our Affiliates incentivize Financial Solutions Advisors to recommend the products or services of a Third-Party Firm that contributes to these Training Events and other meetings over those that do not. Further, Third-Party Firms are not permitted to condition their payment on any amount of sales of their products or services. However, those that participate in Training Events and other meetings have more opportunities to interact and build relationships with our Financial Solutions Advisors and employees which creates a conflict of interest to the extent this leads our Financial Solutions Advisors to recommend the products and services of these Third-Party Firms.

Gifts, Meals & Entertainment; Third-Party Firm Office Access. We have adopted a policy that restricts Third-Party Firm representatives from providing, and Financial Solutions Advisors from receiving, gifts, meals and entertainment, other than items of a promotional nature related to the Third-Party Firm (i.e., logo items, like golf balls and hats).

Representatives of Third-Party Firms will, from time to time, meet and work with Financial Solutions Advisors and other of our representatives to provide information and support regarding their respective investment products. The Third-Party Firms are not permitted to condition their office visits or promotional gift on any amount of sales of their investment products and Merrill does not incentivize Financial Solutions Advisors to recommend or select one investment product over another.

Offering of Investments or Programs Managed by Us or Our Affiliates. Our Affiliates and related business divisions, such as BANA, offer their own managed products or wrap programs that are similar to this or other Merrill programs. Advice and/or recommendations provided to accounts in these programs will be different from, or even conflict with, the advice and guidance provided in connection with the Program, including as to recommendations and review determinations. This is due to, among other things, the differing nature of the Affiliate’s investment advisory services and differing processes and criteria upon which determinations are made.

Further, although the CIO releases information and analyses about a Strategy or a Fund to all Affiliates simultaneously and BoFA Global Research may make its research opinions and research reports available regarding securities and research strategies at the same time, it is possible that such Affiliates will act on that information before Merrill or MAA have had the chance to evaluate and act on those changes.

Accounts participating in a Merrill program that commences trading after those of other Affiliates may be subject to price movements, particularly with large orders or where securities are thinly traded, that would cause them to receive prices that are less favorable than those obtained by Affiliates.
We do not currently offer any Related Funds. We may, however, include Related Funds as an investment product available in the Program in the future. If offered as an eligible investment in the Program, we would benefit from our economic interest in such entities or their Affiliates when they receive compensation for providing investment advisory, administrative or other services to any such Related Funds. We would address these conflicts by disclosing them in this Brochure.

Provision of Diversified Financial Services by Us and our Affiliates. BofA Corp. is a diversified financial services company that generally provides, through us and our Affiliates, a wide range of services to retail and institutional clients for which it receives compensation. As a result, we, BofA Corp. and our Affiliates, can be expected to pursue additional business opportunities with the entities whose Funds we make available through the Program. Consistent with industry regulations, these services that we and our Affiliates provide include (but are not limited to): banking and lending services, sponsorship of deferred compensation and retirement plans, recordkeeping services, investment banking, securities research, institutional trading and prime brokerage services, custody services, investment advisory services, licensing arrangements involving indices and effecting portfolio securities transactions for Funds and other clients.

In addition, from time to time, BofAS and other of our Affiliates may acquire equity stakes in market centers (e.g., national securities exchanges or alternative trading systems) as part of a strategic investment and therefore stand to participate as a shareholder and investor in the profits that each market center realizes in part from the execution of securities transactions, including transactions for your Account. Additional information regarding these relationships are publicly available in Regulation NMS Rule 606 reports we file with the SEC.

PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND CONFLICTS OF INTEREST

There are various ways that we can be viewed as participating or having an interest in client transactions. These situations and any conflicts of interest arising from such activities, execution approach or other capabilities we offer in the Program are discussed in this section and throughout the Brochure.

Cash Balances and Cash Sweep Program

As further described in “Funding and Operation of Accounts—Cash Balances and the Cash Sweep Feature” in item 4, cash balances may be held in your Account for a number of different reasons, including as part of a Strategy’s asset allocation to cash. To the extent Merrill through its CIO does not select a cash alternative vehicle for your Account’s cash allocation, there is a conflict of interest between you and us because the cash allocation will be maintained in your Account as a cash balance. For most clients, cash balances will be swept to bank deposit accounts at a Bank Affiliate through the Cash Sweep Program.

Bank Affiliates use bank deposits to fund their lending, investment and other business activities. Their profitability is determined, in large part, by the difference between the interest paid on the bank deposit and the interest or other income earned on loans, investment and other assets which may be funded in part by bank deposits. In addition, Bank Affiliates determine the interest rate paid to depositors in their deposit accounts. See “Compensation Received by Us and Our Affiliates—Cash Sweep Program” above.

Unless you have certain types of Retirement Accounts enrolled in the Program, the only sweep vehicle currently available to you is a bank deposit account at a Bank Affiliate. The greater the amount of the cash balance maintained in your Account (which will be based on a recommendation from us through the CIO) that is then swept to a bank deposit account at a Bank Affiliate and the lower the interest rate paid on the related bank deposit, the more our Affiliates will benefit.

The interest rate paid to you by our Bank Affiliates will likely be lower than the interest rates available on other deposit accounts at the Bank Affiliate or on comparable deposit accounts at other banks. Generally, the rate you will earn on a deposit account at a Bank Affiliate through the Cash Sweep Program will be lower than yields on cash alternatives, such as money market funds that are available to you for investment through the Program. When selecting a Strategy for your Account, you should speak with a Financial Solutions Advisor regarding cash balances and the management of cash allocations in your Account. For additional information, please see item 4 at the section “Funding and Operation of Accounts—Cash Balances and the Cash Sweep Feature.”

We address the conflicts of interest associated with the Cash Sweep Program and the Bank Affiliate deposit accounts in a variety of ways, including through disclosure in this Brochure. We also calculate the compensation paid to our Financial Solutions Advisors on the same basis for all Program assets without regard to the amount of cash balance we or our Affiliates receive. We have adopted various policies and procedures reasonably designed to prevent the cash sweep arrangement compensation and other business arrangements from affecting the nature of the advice we and our Financial Solutions Advisors provide, although such policies and procedures do not eliminate such conflicts of interest.

As a registered broker-dealer, Merrill also benefits from the possession or use of any free credit balances in your Accounts, subject to restrictions imposed by Rule 15c3-3 under the Exchange Act.

Participation in Affiliate Lending Programs and Margin

There are conflicts of interest when you use a loan from Merrill or one of its Affiliates secured by your Account assets as collateral. These conflicts exist with a margin loan from Merrill or with any of our Affiliate lending programs that may be available to you from an Affiliate lender.

Specifically, in the case of a margin loan, we receive interest payments on the margin loan, and a Financial Solutions Advisor receives incentive compensation. Likewise, in the case of a loan from an Affiliate, including but not limited to the Loan Management Account® product (“LMA® account”), the Affiliate lender intends to derive a profit as lender based on interest and/or fees, if any, charged on the loan.

The lender, whether it be Merrill or its Affiliate, has a lien on your Account assets that are used as collateral for the loan. The lender will act to protect itself as lender in connection with the loan, and this may be contrary to your interests and/or investment objectives. This lien also creates a conflict of interest with respect to the recommendations we make to you. For example, your Financial Solutions Advisor may recommend that you allocate your investments to your Account that has an Affiliate lender’s lien rather than to another Account without such lien. Another example is that your Financial Solutions Advisor may recommend a less risky investment in order to minimize the risk of loss with respect to the Affiliate lender’s collateral. Furthermore, a Financial Solutions Advisor is compensated based on the loan referral and this means he or she can benefit from your borrowing under the lending program, rather than liquidating assets held in the Account. Please refer to Item 6 at the section “Investment Strategies and Risk of Loss” for additional information.

Activity by Merrill, its Personnel and Affiliates

We and our Affiliates act in a variety of capacities to a wide range of clients. From time to time in the course of those duties, confidential information will be acquired that cannot be divulged or acted upon for
advisory or other clients. Similarly, we may give advice or take action with regard to certain clients, including clients in the Program, which differs from that given or taken with regard to other clients. This includes the advice given or actions taken for certain securities, Funds or investment managers. In some instances, the actions taken by Affiliates for similar services and programs will conflict with the actions taken by us. This is due to, among other things, the differing nature of the Affiliate’s investment advisory service and differing processes and criteria upon which determinations are made.

From time to time, a shareholder of BofA Corp. may acquire a sufficiently large interest in BofA Corp. that the holding triggers statutory or regulatory obligations or restrictions. In such event, our ability to take certain actions or make recommendations within your Account, such as buying or selling securities issued by the shareholder or its affiliates, will be limited.

We and our Affiliates provide some or all of the same services offered in the Program through other financial firms, affiliated or unaffiliated with us, which offer programs similar to the Program at fee rates that differ from the Program Fee. We or one of our Affiliates may have a position in or enter into "proprietary" transactions in securities purchased or sold for clients, including clients participating in the Program. We or our Affiliates may benefit from such securities positions or transactions.

From time to time, however, a Fund selected for a Strategy may invest in securities issued by BofA Corp. or its Affiliates to achieve its investment objective. Any such investments by a Fund are required to comply with the applicable provisions of the Investment Company Act of 1940, as amended (the “Investment Company Act”), including limitations on investments in securities-related businesses, and will not be influenced by MLPF&S or MAA.

We address these conflicts in a variety of ways, including through disclosure in this Brochure. In addition, our Financial Solutions Advisors are required to recommend investment advisory programs, investment products and securities that are suitable for each client based upon investment objectives, risk tolerance and financial situation and needs. We also have a variety of restrictions, procedures and disclosures designed to address potential conflicts of interest – both those arising between and among Accounts as well as between Accounts and our business (e.g., personal trading preapprovals, self-reporting, restrictions on our personnel detailed in our policies and procedures and Code of Ethics). We have also adopted various policies and procedures reasonably designed to prevent the receipt of any referral compensation and other business arrangements from affecting the nature of the advice we and our Financial Solutions Advisors provide, although such policies and procedures do not eliminate such conflicts of interest.

**TRADE EXECUTION**

**Principal Trading.** We or an Affiliate may execute transactions in your Account on a principal basis (that is, when we or an Affiliate sell a security to you, or buy a security from you, for our own account) as permitted by law, and upon your consent (when required by applicable regulations). Principal transactions may give you access to investment opportunities or trade executions that might not otherwise be available to you, such as trading of fractional shares within your Account. Principal transactions may not be effected for Retirement Accounts, except in accordance with applicable law.

There are conflicts of interest present when we execute transactions in your Account on a principal basis. If Merrill effects a principal transaction for your Account, then in addition to the Program Fee, we receive a commission, markup or markdown, underwriting fee or selling concession, or other compensation with respect to the transaction, which would result in additional compensation or other benefit to us or our Affiliate. We also benefit from the "spread" or the difference between the price we pay for a security and the price at which we sell it to you, or between the price we may pay for a security that we may buy from you and the price for which we may later sell it. In addition, we have an incentive to recommend a transaction in a security that we maintain in our inventory that is otherwise difficult for us to sell. The receipt of additional compensation and an incentive to recommend a transaction involving our inventory present conflicts between our interest and yours.

The types of securities that may be purchased or sold on a principal basis in your Account pursuant to the terms of your Client Agreement may change in the future and could become more limited.

**Agency-Cross and Other Cross Transactions.** We may, at times, have the opportunity to act as agent for both buyer and seller in a transaction for your Account. This is called an agency-cross transaction. Since we generally will receive compensation from each party to an agency-cross transaction, there is a potential conflict between our responsibilities and loyalties to you and to the other party to the transaction. Any compensation we receive will be in addition to the Program Fee. The Client Agreement generally gives us permission to engage in agency-cross transactions for your Account, except where prohibited by law. You may revoke your consent at any time by notifying us in writing.

At times, we may consider a security being sold by one investment advisory client to be appropriate for purchase by another investment advisory client account. In such cases, we may arrange to transfer or “cross” the security directly between the affected accounts. Any cross transactions in your Account would be effected in accordance with applicable law and your Client Agreement. Cross transactions generally will be effected at an independently determined market price and will not result in any additional compensation to us.

For a Retirement Account that is subject to ERISA or the Code’s prohibited transaction rules, transactions, including agency-cross transactions, will be effected by or through Merrill or our Affiliates in compliance with the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), or the Code of Federal Regulations. We may provide certain entity clients that qualify as “family wealth management vehicles,” or FWMV clients, with both the Program Services and as well as lending services and to engage, where permitted, in principal transactions. In doing so, we rely on the exception under the Volcker Rule implementing regulations that is available for FWMV clients and have provided FWMV clients with key disclosures that relate to qualifying for this exception in the Client Agreement.
For certain entity clients that are deemed "covered fund" clients under the Volcker Rule, we are not permitted to offer both Program Services and the availability of margin, lending or other extensions of credit from us or any of our Affiliates, including BANA, or engage in certain principal transactions. Certain other transactions between BANA or its Affiliates and the entity client will also be prohibited.

ACCOUNT REVIEWS AND REPORTING
An important part of the Program relationship involves providing you with the opportunity to engage in periodic reviews with a Financial Solutions Advisor or a designated member of the team servicing the Account. These reviews provide updates on the progress of your Portfolios and Accounts towards your goals and other important information about your investments. Because these reviews provide you with important and necessary information relating to your Accounts, you are strongly encouraged to take advantage of these opportunities to participate in these Account reviews. If you do not participate in your Account review, we may, in our discretion, terminate your Account.

We will periodically communicate to you important information about how we are managing your assets in the Program. The primary means through which we will communicate with you and memorialize the important terms, conditions and information about your Portfolios, Accounts and Strategies, is through a Program Report (also known as a Portfolio Summary). You will receive your first Program Report from us after we accept your enrollment in the Program and each time you make changes to certain of the Services you elect, including, but not limited to, when you add Portfolios or Accounts, add or change Strategies in each Portfolio and change your Target Asset Allocation.

The information set forth in the initial and each subsequent Program Report is how we reflect the Services that we will provide to you with respect to the assets in your Accounts and pursuant to the Client Agreement. You should review each Program Report we send to you carefully to ensure that the information reflected therein is accurate and you should contact a Financial Solutions Advisor if you believe any of the information is, or becomes, inaccurate.

We will send you periodic updates that contain information about your Portfolios and Accounts, including trade confirmation information and account statements. We will also provide you with periodic performance reports to help you monitor and assess the performance of your Portfolios, Accounts and the Strategies you select. These reports contain information regarding investment return, risk and selected benchmark comparisons for your assets in each Strategy you select. You should review all such materials carefully and promptly report any discrepancies to a Financial Solutions Advisor.

CLIENT REFERRALS AND OTHER ARRANGEMENTS
We enter into marketing arrangements with third parties who, for compensation, provide consulting or other services to us in connection with the marketing of our various advisory programs, or otherwise refer prospective clients to us. Each such marketing arrangement is governed by a written agreement between us, as applicable, and the third party, and will be disclosed to you, as required by law.

Our employees may refer advisory clients to BANA, including its private bank, Bank of America N.A., and other Affiliates for products and services.

Similarly, employees of BANA and its Affiliates may refer clients to us for brokerage or advisory services. These referrals may involve the payment of referral fees between us and BANA or its Affiliates.

FINANCIAL INFORMATION
Not Applicable

GLOSSARY

“Account” means each of the securities accounts to which the Client Agreement applies and that are enrolled in the Program, and as set forth in the Program Report.

“Affiliate” means a company that is controlled by, in control of, or under common control with another company.

“Alternative Investments” means such investments as we designate from time-to-time in our sole discretion whose risk and return characteristics generally are not correlated with more traditional investments (i.e., equities, fixed income and cash). This term includes non-traditional mutual funds.

“Annual asset based fees” means those fees imposed by mutual funds on an annual basis, like service fees and Rule 12b-1 fees.

“Authority” means the authority to make certain investment and trading decisions with respect to the assets in an Account as described in Item 4 in the section “Investment Strategy Services Available.”

“Cash Sweep Program” means the program associated with your securities account whereby cash balances in your Account are automatically swept into a cash sweep vehicle in accordance with the terms of your Account type.

“CIO” means the Chief Investment Office. The CIO is a Merrill business group providing investment solutions, portfolio construction advice and wealth management guidance to MLPF&S financial representatives and clients.

“Client Agreement” means the investment advisory agreement among the Client, MAA and MLPF&S, as it may be amended from time to time.

“FINRA” means the Financial Industry Regulatory Authority, Inc.

“Fund” means registered and unregistered investment companies, including mutual funds and ETFs.

“NTF” means a nontraditional mutual fund or ETF registered with the SEC that is classified as an Alternative Investment by us because its principal investment strategies utilize alternative investment strategies or provide for alternative asset exposure as the means to meet its investment objectives.

“Offering Materials” means the prospectus or other offering and disclosure documents relating to a Fund.

“Program” means the Merrill Edge Advisory Account Program.
"Reasonable Investment Restrictions" means one or more reasonable investment restrictions accepted by us that you would like to impose for any Account, such as identifying a security that should not be purchased.

"Registered Fund" means any Fund that is registered under the Investment Company Act, including mutual funds, closed-end funds, ETFs and money market funds.

"Related Company" means a company that is an Affiliate of BANA or in which BANA or an Affiliate of BANA or of BofA Corp. has a material ownership interest.

"Related Fund" means any Fund sponsored, managed, or advised by us, a Related Entity or any of our Affiliates.

"Retirement Account" means an ERISA Plan, a U.S. tax-qualified plan of self-employed persons, a U.S. individual retirement account, or any other plan, arrangement or entity subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended.

"Rule 12b-1 Fees" means fees paid for the distribution of mutual funds pursuant to a plan made under Rule 12b-1 under the Investment Company Act.

"SEC" means the United States Securities and Exchange Commission.

"Services" means the services provided in the Program and described in this Brochure.

"Strategy" means an investment strategy developed by the CIO to align to a particular Target Asset Allocation.

"Target Asset Allocation" means a recommended allocation of assets in a portfolio across one or more asset classes. The Target Asset Allocation categories used in this Program are:

- **Conservative** — primary focus is on portfolio stability and preservation of capital with the achievement of low or negative investment returns in exchange for reduced risk of loss of principal and liquidity.
- **Moderately Conservative** — primary focus is to achieve a modest level of portfolio appreciation with minimal principal loss and volatility.
- **Moderate** — primary emphasis is to strike a balance between portfolio stability and portfolio appreciation with the assumption of moderate level of risk and level of volatility and principal loss.
- **Moderately Aggressive** — primary emphasis is on achieving portfolio appreciation over time with the assumption of moderate level of risk and a significant level of portfolio volatility.
- **Aggressive** — primary emphasis is on achieving above-average portfolio appreciation over time with the assumption of substantial risk and a significant level of portfolio volatility.

"Unaffiliated Investment Firm" means a bank, broker or dealer other than an Affiliate of Merrill.
Review and Retain – Retirement Account Addendum

This notice provides ERISA-covered employee benefit plan fiduciaries with disclosures relating to ERISA section 408(b)(2).

This Fee Disclosure includes a description of the services we are offering to your Employee Retirement Income Security Act of 1974, as amended, (“ERISA”) governed employee benefit plan or account (the “Plan”) with respect to the Merrill Lynch Merrill Edge Advisory Account Program (the “Program”) and the compensation that we and our affiliates expect to receive in connection with these services. This Fee Disclosure is being provided to the “responsible plan fiduciary” to the Plan in compliance with Department of Labor Regulation 29 C.F.R. 2550.408b-2. This Fee Disclosure is intended to be read in conjunction with the Program Brochure, as it may be amended or supplemented from time to time (the “Brochure”), your Program Client Agreement, as it may be amended or supplemented from time to time (the “Client Agreement”) and other documents referenced in this Fee Disclosure. You may obtain a copy of the Brochure at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_search.aspx, or by contacting your Financial Advisor. To obtain a copy of the Client Agreement and other documents related to the Program, please contact your Financial Advisor.

We, or our affiliates, may provide other services to the Plan that are not covered by this Fee Disclosure. Under such circumstances, this Fee Disclosure should be read in conjunction with the fee disclosures that you may receive from us or our affiliates with respect to such other services.

The Fee Disclosure is not intended as, and does not constitute, an agreement for services with Merrill Lynch (as defined in the Client Agreement) (“Merrill Lynch”) (or its affiliates), and it does not create a contractual relationship or provide any type of guarantee with respect to the pricing of any services. Any services provided to the Plan would be governed by the written terms of the Plan’s Client Agreement with Merrill Lynch.

Description of Services
The Program is an investment advisory program offered by Merrill Lynch. For a description of the services provided to Program accounts, please refer to the sections entitled “Description of MEAP” and “Funding and Operation of MEAP Accounts” in the Brochure, and the sections entitled “About the Merrill Edge Advisory Account,” “Your Accounts and Investment Objectives,” “Your Investment Selections,” and “Services” in the Client Agreement.

Fiduciary/Adviser Status
For a description of the status of Merrill Lynch, Pierce, Fenner & Smith Incorporated (“MLPF&S”) and Managed Account Advisors LLC (“MAA”) under the Investment Advisers Act of 1940 and of MAA under ERISA, please refer to the subsection entitled “Code of Ethics” in the Brochure and the section entitled “Merrill Lynch Acknowledgements” in the Client Agreement.

Fees and Other Compensation

Account Fees
For a description of the fees applicable to your Program account, please refer to the section entitled “Account Fees” and “Other Fees and Expenses” in the Brochure and the sections entitled
“Execution Services” and “Your Account Fees” in the Client Agreement, as may be amended and supplemented from time to time.

**Mutual Fund 12b-1 Fees and Investments in Funds Related to Merrill Lynch (Including Related Money Market Funds)**

For a description of certain credits that the Plan may be eligible for in connection with investments in mutual funds that pay Merrill Lynch fees under Rule 12b-1 of the Investment Company Act of 1940 or other types of compensation, please see the subsections entitled “Funds and Related Investing” and “Retirement Accounts” in the Brochure, and the sections entitled “Funds and Related Investing” and “Retirement Accounts” in the Client Agreement.

**Bank Deposits**

If the Plan participates in Merrill Lynch’s Basic Retirement Program and the Plan elected to participate in the Retirement Asset Savings Program thereunder, then assets of the Plan may be deposited in Merrill Lynch affiliated banks. For more information about this service and benefits that we (and our affiliates) may receive in connection with such deposits, please see the “Retirement Asset Savings Program Fact Sheet” included with the Basic Retirement Program documentation.

If the Plan elects to participate in the Insured Savings Account™, then assets of the Plan may be deposited in Merrill Lynch affiliated banks and certain other participating banks. For more information about this service and benefits that we (and our affiliates) may receive in connection with such deposits, please see the “Insured Savings Account” documentation.

**Additional Service Fees**

We may charge an electronic fund transfer fee on transfers from your Program account, including transfers to another broker-dealer. The fee for this service ranges between $15 and $40 per transfer.

**Event Payments from Third-Party Vendors**

Some third-party vendors will periodically participate in Merrill Lynch hosted internal training and education conferences, as well as conferences that Merrill Lynch may host for clients. The amount paid for participation is used to offset the expenses incurred for these events. For conferences hosted by the Merrill Lynch Retirement Services Group, sponsorship amounts generally do not vary by vendor and cannot be reasonably allocated to any particular Plan client. For example, over the past three years the amount that each participating vendor has contributed to sponsoring a Merrill Lynch Retirement Services Group internal training or education event has generally ranged between $5,000 and $60,000, and Merrill Lynch generally hosts approximately 5 to 10 of these Retirement Services Group internal training or education events per year. Additionally, the amount that each participating vendor has contributed toward sponsoring the Retirement Services Group annual conference has averaged approximately $75,000. Sponsorship payments for internal training, education and client events hosted by Merrill Lynch that are not directly connected to Retirement Services Group business, but which may include clients of, or vendors to, our retirement plan business, are similarly used to offset the costs of the events and cannot be reasonably allocated to any particular Plan client.

**Gifts and other Non-Monetary Compensation**

From time to time, third-party vendors may provide Merrill Lynch with non-monetary gifts and gratuities, such as promotional items (e.g., coffee mugs, calendars or gift baskets), meals and access to certain industry related conferences (collectively, “gifts”). Merrill Lynch has implemented policies and procedures intended to identify, quantify and track gifts that Merrill
Lynch receives. Merrill Lynch will report gifts received by it or its employees to the extent such amounts exceed the U.S. Department of Labor ("DOL") de minimis thresholds for any plan. The determination of whether the gifts that we receive exceed the de minimis threshold is made by Merrill Lynch after examining the gifts recorded each year and the value of the recorded gifts as may be attributable to a qualified retirement plan client under the DOL rules. Based on historic trends, Merrill Lynch does not expect to receive gifts in excess of the de minimis threshold under the regulations with respect to the Plan.

Compensation for Termination of Contract
There is no additional fee charged upon termination of a Program account, but as discussed above, certain transfer fees may apply.

Compensation Paid Among Merrill Lynch and Its Affiliates
MLPF&S, MAA and their affiliates benefit from the fees paid by the Program account as described in the Brochure and the Client Agreement.

Solicitor Arrangements and Fees
If the Plan was referred to the Program through the Merrill Lynch Professional Alliance Program ("PAP"), a solicitor may be compensated for the referral of your account to Merrill Lynch. For more information regarding these arrangements, please see the PAP Disclosure Statement and Acknowledgement that applies to your Program account.
